The Beef Profit Index

Cattlemen get paid for pounds of gain and muscle. Bulls that exhibited superior abilities to gain weight/muscle rapidly were selected for this auction; only the top 65% made the cut. We have formulated an index that ranks these best bulls by breed, according to their combination of average daily gain on test and muscle as determined by ultrasound measurement. These are the traits that pay and we have sorted the best for you!

NEW BEGINNINGS CATTLE COMPANY

Dear Cattlemen:

We hope calving season – or the preparations for it at least - is going well for you and that your 2018 cash crop is off to a great start. Thank you for your interest in our first-ever J-D Performance Center Sale and for taking the time to review this offering; it is a busy time of year but the seed stock decisions you make now are extremely important as they will have great impact on your profitability for years to come. Are you paying too much for your bulls and then not getting what you want?

We know that we have a set of bulls that will help you make more money in the future. Our test is designed to identify bulls that are gain and muscle leaders; these are the traits that get you paid. Our Beef Profit Index (BPI)© makes the selection process even easier to select bulls that will sire more pounds and more meat for you. They will sire calves that will bring more money whether you retain ownership or sell at weaning; the big stout calves always bring more at sale time and only the biggest, stoutest bulls made the cut for this sale.

These bulls had to pass a lot of tests to make this sale offering. First, they had to survive the rigors of our testing facility – come for a visit and see for yourself how these bulls were out in the elements and had to travel to feed and water each day – and second they had to excel their pen mates for gain, muscle, confirmation, and disposition. Only the best bulls will sell March 9. Stop in to compare them to the bulls that did not make the sale and judge for yourself.

We want you to make more money and we want to make the bull buying process simpler for you. You can pay more somewhere else and go through more hassle, but why? We've got the quality, the data, the perks, and the programs you need and we want your business.

Thank you for your time. We hope to meet you at the auction if not before, maybe when we deliver your next bulls.
