The dam of TWO STATE FAIR CHAMPION STEERS, this ranch-favorite donor has more than paid her way but it's time to say goodbye while she can still work for our customers. "Yellow 28" has been one of our very best females to say the least. She is the dam of the \$40,000-valued Maternal Gem son we own with Loy Farms, IL, and we have sold several steers and daughters from her in excess of \$10,000. Our Lot 200 lead-off heifer is a great daughter, and see us in Louisville for a glimpse of yet another great calf from this cow that will sell there. Her steers have won both the Kentucky and Tennessee State Fairs for the Howd and Flash families, and some have sold as high as \$15,000.

She just hit 10 years but she did so with style. This cow is a beast and always looks this way. She transmits her power to each calf; the reason we kept flushing her. She has had a natural calf nearly every year since we started flushing on her and she milks fine though her bag could be prettier. If you want to make some money and hang some banners, this girl will do it – no problem.

- She is perfectly sized and massive through her center with elite udder quality
- Perfect disposition, perfect mating, on a near-perfect young cow

Welcome to Martin Dream Girls

Dear Friends and Cattlemen:

First of all, thank you for your friendship and continued support!

We have really loaded this sale this time. These cattle are simply good and the money making kind. I am offering cows that have taken me 10 years to put together this kind of quality. Currently, we simply do not have enough help or recipient inventory to flush this many so we are reorganizing a bit. We are not backing down on our commitments to quality and service, just shuffling the deck a little. So, believe me when I tell you that these cows are great females. We wanted to offer some of the top end of young donor prospects and we know it is not very often that you get a chance to buy proven cows this young that are this good – not to mention the quality of the bred heifers!

The breds are the stoutest set that I have ever offered – we always disperse our best. Maybe it's not the smartest every time but we always sell our best heifers and it has led to some pretty great relationships and successes for our customers.

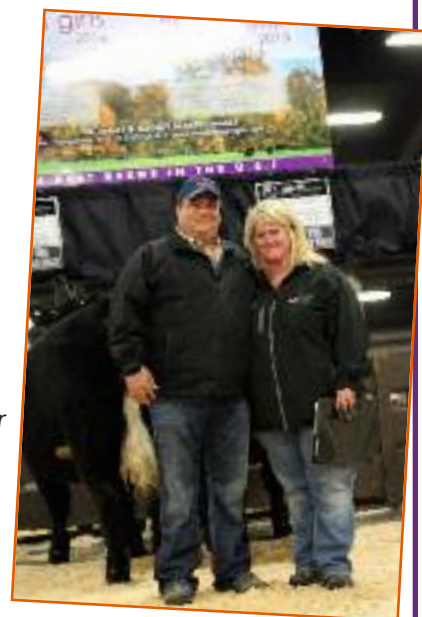

There is lots of power and opportunity all the way through this set. This is a set of cattle you must see and if you are disappointed I will buy your gas.

Once again, thank you!! A huge thank you to CB (Jeff Boland) I could not do this without him. Thank you to Ashley Bauer, Bristol Boland, DJ, Ally, Mandy, Colton Ogburn, Brad Sinclair, Brad Hook, Gerrit Chupp, Dallas Porter, and Shane Quinn. Also, thank you to AJ Hornback and my daughter Hanna and also Travis Wallen. I love you all!

God bless everyone and your families as well. Come see us!

Sincerely,

Jim and Mandy Martin
