GOET Donor 431 – Lot 1

GOET Donor 431

Female Calved: 2004

SIRE: DR WHO

DAM: DEBULL X BAD MEDICINE

**Selling one-half interest with the option to double hammer price to acquire full interest
Sells open with 4 embryos by Monopoly and 10 embryos by Smilin' Bob**

A real Holiday treat from the best of the Goetemoeller donor battery! Donor 431 is a customer favorite and a well-proven source of winning show cattle that have been among the top sellers of recent Goetemoeller calf crops. This gorgeous, incredibly-productive cow makes eggs, profit, and winners by the bunches. She is the dam of a number of favorites like her 2011 daughters by Monopoly that included a \$15,500 selection by Bushy Park Farm, SD, that has already been a winner this season, and her full sister that sold for \$7,500 while Jason Reynolds, OH, raised two Heat Wave sons from an embryo purchase that recently sold for a \$5,000 average. A year ago she had another winning daughter in the form of the \$10,000 Heat Wave heifer that was selected as the Third Overall Female of the 2010 Ohio AGR Preview for the Poole family, and her 2008 natural daughter by Home Brew sold for \$8,000 to Patrick Schuter, IN, and won at least her class in every time shown. Donor 431 had a bumper crop in 2009 when five calves by Heat Wave sold for a \$6,000 average and, to date, she has not produced a calf that has sold for less than \$3,500 including the DCC Hard Drive daughter that sold in our 2010 Winners' Circle for \$4,250 to Ryan Dotson, OH. This is quite a cow and she can gather it up quickly with her huge embryo production that stands at a 22.5 embryo average over four lifetime attempts. She will be flushed again before the auction and a large portion of her inventory sells along with this cow in order to give you a giant jumpstart toward The Winners' Circle. This is a push-button opportunity that no breeder in search of premium quality can ignore. Happy Holidays from Goetemoeller Show Cattle!

Terms of the Flush: The buyer will pay 50% of hammer price sale day, is responsible for all flush expenses, and is guaranteed not less than eight (8) transferable embryos with no cap. Roller Girl averages 8 embryos per attempt and is open and ready to work.

This flush option from the deep donor battery at Hunt Farms is one that will create some excitement for the lucky buyer! Roller Girl is one of the winning females in the Hunt lineup and definitely one of their most valuable cows. She was a great show heifer for Megan and her calves have been top-selling favorites since she entered production. She is the dam of MRH Paige, Megan Hunt's multiple-winning show heifer from 2009 whose young daughter sells here as Lot 34, and MRH Scarlet, the \$14,000 top-selling heifer calf of our 2009 Winners' Circle to Sullivan Farms, IA. In addition, Roller Girl produced another fancy prospect this year, MRH Gucci by GOET I-80, that was a class winner both days at the 2011 North American International. This impressive cow flushes well and has a unique pedigree that you'll enjoy blending with your favorite bull. She'll deliver the goods!

A great opportunity from one of the hottest cows in the Simmental/SimAngus business! Pennies From Heaven P29 has been a major player at Schaeffer Show Cattle producing top-selling winners in her last three crops and so far averaging over \$15,000 on each calf. Her 2011 crop included a \$15,000 heifer that will be shown by Megan Schroeder, IN, this season as well as a daughter by Gamble's Hot Rod that was raised by Shatto, OH, & Poole, MD, from a Frozen Gold embryo purchase that has been a multiple winner already including a recent selection as the Junior Calf Champion Female of the 2011 North American International Junior SimSolution Show. Her 2009 calf crop showcased her versatility with three daughters by three different bulls that sold for \$24,000, \$15,000, and \$7,500; plus an exciting son, S&S Hot Commodity, topped the 2010 Ohio Simmental Sale at \$14,000. One of these daughters, S&S Beyonce by Hot Rod, shown by Kylie Blanding, IN, gathered tough titles like Supreme Champion Female of the 2009 Hoosier Beef Congress and Reserve Grand Champion Sim-Influence Female of the 2009 North American International Simmental Show where her maternal sister by Doctor Who was selected as the Junior Calf Champion Female. This is a gorgeous Avalanche daughter that has worked with everything. Once you see her, you'll understand. Own this flush!

A Frozen Gold favorite donor and the dam of the great Grand Slam daughter that Becca Chamberlain showed to so many championships in 2007, here is a unique and valuable feature from the best of the winning Goettemoeller program. This proven cow has been one of the best investments Brian and Dru have made over the years with a strong return on several calves and tremendous embryo sales. Deanna 382 is a massive, well-constructed cow that performs exceptionally in transplant with an average of nearly 20 good embryos on three lifetime flushes. Her best daughter is now deceased and Deanna 382 is mated for a full sibling that should yield profit quickly as both the bulls and heifers have been excellent from this combination. The world needs more good Herefords – as evidenced by the tremendous demand at recent sales – and this one can surely help!

Welcome to The Winners' Circle at Green Oak Farms!

Get ready because we've got a Holiday treat in store for you this year! Our 2011 offering is absolutely loaded with quality from start to finish. The Winners' Circle team has dug deep into their herds to present their best and up the ante for this annual event that has been the source of some great investments in its short history. Whether it's club calf, percentage Simmental, Maine-Anjou, Chiangus or more, I know you'll find several in this offering that you can really use.

The breeders that comprise The Winners' Circle are some of the most decorated in our region and their success is growing rapidly because they focus on the best cattle and build around them. This offering is a just a glimpse of the quality and opportunity you can expect from future sales as we continue to strive to be your go-to source for herd and show string improvement. A special but unfortunate highlight of our 2011 offering is the dispersal of the long-lasting and successful herd built by Roger and Linda Hagans of Warsaw, Ohio. You can select your favorites from the entire Hagans herd on Dec. 30 along with a much-upgraded offering from our normal team.

The Hagans Show Calves Dispersal

Roger and Linda Hagans have been breeding on this herd of cows for more than 30 years. They have been a mainstay on the Ohio club calf and Maine-Anjou scene for many of those years producing a long list of championship cattle and sale toppers. Roger worked these cows every day until he lost a tough battle with cancer late last summer. It is with a heavy heart that we will disperse their beloved herd as a special feature of our 2011 Winners' Circle Sale.

These cows are proven show cattle producers and they have been bred and prepared just as if they were staying at home. Each year their calves sell out in the early fall except for the few that are retained for the OMAA Sale each spring at the Ohio Beef Expo where the Hagans cattle have been among the top sellers on several occasions. Linda still has a few older and/or open cows at home to keep her company but rest assured that all of the best Hagans females will sell here. She knows these cows inside and out and, while she hates to see them go, Linda will be happy to answer any questions you may have about them.

None have been retained, sold before, or held back. So much of the hard work has been done for you here. Enjoy the best of the Hagans herd. Take them home and make them better, just like Roger would want you to do.
