Pure power and trendsetting quality, here is Bainridge Rango 3Y. The only bull from the first embryo crop of the major-winning, Frozen Gold donor, Bainridge 11T, this half-blood Simmental sire prospect is well worth the drive to Newark and the price of admission. This crop has been the talk of the town since they hit the dirt and, when you see them, you'll know why. Backed by two of the most elite donors in the business – his dam was a \$38,000-valued Louisville winner and his second dam is the \$65,000 industry standard, Emerald Lady 138M – this THF/PHAF powerhouse is blown wide open with muscle, dimension, and cow changing quality. Along with his sisters, we love his potential and we can't wait to see where you take him from here.

### Sells open

The younger sister to several spring 2011 favorites at Shegog Farms, this fancy show heifer prospect is the product of a very deep flush. A flush sister sold to Matt Lautner, IA, in the early spring, and a brother was a class winner in the 2011 Monroe County (OH) Feeder Show. Her dam was a top performer and she worked well with Monopoly as this heifer is very complete with extra bone, capacity, and muscle.
