## Exclusive Donors Unlimited Embryo Purchasing Options & Breeder-to-Breeder Warranties

We do a ton of embryo transfer – ask Dr. Mimms – and we know that the ET process can be tricky and expensive if you do not have the proper resources and tools in place. We want you to succeed with embryos that you purchase from us; so in an effort to simplify the process and expedite progress for everyone involved, we offer the following options and warranties:

**Conception Rate Guarantee** – If you purchase more than two embryos from us, we'll guarantee you no less than one confirmed 90-day pregnancy. If you purchase more than nine embryos, we'll guarantee a conception rate of no less than 50%. Be sure to approve your embryo technician with us before you implant the embryos. This guarantee is void after 18 months from the sale date.

**Embryo Implantation Option** – If you like, we'll implant your embryos for you. You purchase the embryos and tell us when you want your calves to arrive. Then, we'll implant your embryos, manage the recipients, and ship you the confirmed pregnant recipients. Please inquire about current recipient costs and be sure to call ahead for more information – The options are unlimited but our recipient numbers are not, so be sure to speak early to reserve your spots!

### All Embryos Available For Immediate Shipping In Our Own Tanks

– Get Them In Plenty of Time For Spring Implants –  
No Hassle, Immediate Shipping

### Embryo Pickup and Shipping

Please bring your jug with you to the sale and take your embryos/semen home with you. If you do not take possession sale day, please leave word at the clerk's desk of your intentions for shipping by leaving your shipping method and address, desired shipping date, and contact information. All shipping is the risk and responsibility of the purchaser but we have several shippers available to make the process easier. **A 14-Day Notice Is Requested For All Shipments.** Hereford Veterinary Clinic, 806/364-1331 (phone) 806/364-2391 (fax) – PrimeTIME, Inc, 419/862-0117

### Transportation Cost Share

If you require assistance with transporting your purchases, please let us know. We will have trailers available to haul most anywhere and will guarantee trucking to cost **no more than \$400 per head** to central points in the United States. Direct delivery to your farm or ranch may also be arranged. Please ask for more details.

**The 10th Anniversary Offering of Elite Females**

**GAR BLUE 45**

Female Calved: 2009

Sire: **Heat Wave**

Dam: **Mimms Donor 401** (Blue Chip x Cunia)

**Tested THF/PHAF**

**PE 11/08-12/13 to Night Trips – Due 9/04**

*There are literally a hundred different places to start this powerful, tenth anniversary offering - there is so much quality to go around in each division - but it makes sense to start our 2014 sale with the same cow family that produced our 2013 Lot 1 feature. The 401 line has been one of the best we have tried and this special daughter may be the best individual that the great 401 ever produced. We started our 2013 offering with clones of Donor 401 but this daughter might be even better.*

*This beautiful cow is the real deal when it comes to quality and producing ability and we just learned that she is double clean. Her sisters include a \$9,000 full sister in our 2010 Share the Future Sale, a \$12,500 maternal sister in our 2011 sale, the priceless Donor TJ401 in the Mimms lineup, and this powerhouse is also a full sister to Keylan Williams' 2007 Ft. Worth Stock Show Reserve Grand Champion Steer.*

*She is scary good and ready to explode with a great mating to Night Trips. So sound, massive, and shaggy-delicious plus double-clean and bred to the hilt, you don't find them like this too often. Come to Hereford as we start another decade of success!*

**Garwood Cattle Co.**

*Lot 1*

**2007 Ft. Worth Reserve Grand Champion Steer**

*Our Best Bred Cows by a Mile!*  
**Two Full Sisters to GK Donor P-89!**

**KROUPA 608**

Female Calved: 2006

Sire: **Who Made Who**

Dam: **GK Donor H-832** (Meyer 734 x GK Angus 602)

**Exposed to Straight Jacket 735 – Due May**

*The first of two outstanding full sisters to the amazing Donor P-89 in the Boysel and Kroupa lineup, this sleek and sexy favorite is a superstar from so many angles. She is also a full sister to the AI sire, Simple Math, but it won't matter what her pedigree is once you see her. Very few combine this degree of sex appeal with this level of mass, shag, and power while staying this sound and lovely. The boat is really loaded this year and females like this never go out of style or demand – you should see the daughters she is leaving behind. Due just after the auction to Straight Jacket 735, the red-hot son of Reimann's Jack from the same Draft Pick cow that raised two recent State Fair Champion Steers!*

**Kroupa Genetics**

*Lot 2a*

**Donor P-89**

**Simple Math**

**B/K PH839**

Female Calved: May 2010

Sire: **Who Made Who**

Dam: **GK Donor H-832** (Meyer 734 x GK Angus 602)

**PE 11/01-12/01 to Stud Monkey – Safe-in-calf**

*The second of two rare and powerful sisters to GK Donor P-89 and the noted AI sire, Simple Math, this is another reason to head to Hereford. Like her sister, this brockle-faced cow is huge footed and super-loose and hairy with ideal extension and balance. She was a little lean after weaning a fat calf at photo time so you will need to inspect her yourself at the auction but consider that she is averaging in excess of \$10,000/calf on attempts with Walks Alone and Heat Wave. Double-clean by pedigree and one of the last from Donor H-832, these sisters should be too hard to resist!*

**Boysel Genetics, Kroupa Genetics**

*Lot 2b*

# The 602 Influence – The Living Legacy!

## KROUPA T-50

Female Calved: 2007

Sire: **Lautner Anchor**  
 Dam: **GK Angus 602**

**Safe to Coon Dog –  
 Due May**

*What a find this one is! She is one of the most powerful cows in the herd and an exceptionally rare daughter of Kroupa's great Angus 602 donor that has provided us all with decades of improved stock and greats like Ms Chill 602G, the dam of both Ft Worth and Denver Champion Steers; H-832, the dam of Amen, Simple Math, and the awesome Lot 2 sisters; M-93, the dam of Lot 4 and a host of other high-revenue donors and herd sires. This powerful female is super wide and sound with the heavy-duty yet attractive look that made her dam so valuable. There will be no more of these but we sure wish there could be!*

**Kroupa Genetics**

Lot 3

## KROUPA R-93

Female Calved: 2005

Sire: **Who Made Who**  
 Dam: **GK Donor M-93**  
 (Lautner Anchor x GK Angus 602)

**AI 11/07 to Smilin Bob –  
 PE 11/15-1/10 to Coon Dog –  
 Safe-in-calf**

*A rare gem with a golden pedigree, you'll love the pieces that this special female puts together. She was produced from a \$60,000 full sister to the featured Lot 3 donor and stems from the famed 602 foundation but that lineage only sprinkles the sugar on an already tempting package here. This cow is so unusually good in her structure and large legged for one with this pedigree plus she has the perfect amount of shape and power while still being every bit the female. She is double-clean but covered in dense, good hair plus she is the ideal size with one of the prettiest profiles you can build. We all deserve more cows like this one!*

**Kroupa Genetics and Powers Cattle**

Lot 4

Lot 5

Miss Perfection

## KROUPA 843

Female Calved: 2008

Sire: **Chunky Monkey**

Dam: **Miss Perfection** (Full Flush x Chill Factor x GK Angus 602)

**AI 11/07 to Man Among Boys – PE 11/15-1/10 to GFK & Pacus Parabellum – Safe-in-calf**

*The flush mate sister to Mimms Donor 701, this silver powerhouse is one of the last daughters of Miss Perfection, the great Full Flush x Chill Ms 602G combination that started so much of the success at Kroupa Genetics producing, among others, bulls like Smooth Sailing who sired our record top seller at \$60,000 and the gorgeous Lot 17A in this event. She is huge footed and great haired with such great mobility and maternal goodness despite her immense power. She is a real treat in this deep offering and she comes fully equipped inside and out!*

**Kroupa Genetics**

Lot 5

Lot 6

Donor 635

## MIMMS 106

Female Calved: Fall 2011

Sire: **Doc** (Angus x Chi)

Dam: **Mimms Donor 635N** (Chill Factor x GK Angus 602)

**Due to calve August 15 to Man Among Boys**

*We've loaded this offering with some outstanding young cows and we think you'll love the options available to you, especially when you get them home and turn them loose. This cow is ready for some power production after producing a first calf by Grizzly that was retained as a herd sire and she looks the part of a power player. Her dam is a full sister to the legendary Ms Chill 602G, the \$1 million+ producer for Sullivan Ranch, TX, that was a \$20,000 high seller of our first Share the Future Sale, and this cow has a ton to give. Note the extra wide and rugged shape she offers with excellent balance and feminine power. She's loaded and coming with something special!*

**Mimms Cattle**

Lot 6

# Smokin' G-1 Genetics!

GK Miss Outlaw M-51

## MIMMS/DSUL DONOR 5G1-1

Female Calved: Fall 2005

Sire: **Thomas Outlaw**

Dam: **GK Donor G-1** (Charolais x Maine)

**Due to calve August 15 to Man Among Boys**

*A real Charolais powerhouse! Donor 5G1-1 is a full sister to Boysel and Kroupa's famous Miss Outlaw M-51 donor that produced Stud Monkey, Lot 8, and many more, and she is a Donors Unlimited favorite with many embryo sales over the years. Recent calf reports from this rare beast include a \$6,400 Monopoly son that sold in the 2013 Mimms Sale and our customers report plenty of favorite calves from embryo sales. You will travel many miles to find a Charolais-influenced cow that packs as much punch – physically and genetically – as this one; and remember that her dam has been one of the most stable sources of success for many breeders over time. We cannot make any more like her so get her while you can!*

**Mimms Cattle and Sullivan Ranch**

Lot 7

Lot 8

Stud Monkey

## MIMMS/BIRD 911

Female Calved: Spring 2009

Sire: **Vanilla Ice** (Alias x Meyer 734)

Dam: **B/K Donor M-51** (Thomas Outlaw x GK Donor G-1)

**Due to calve September 6 to Red Rooster – Calf Sex: Bull**

*We've got the Charolais power locked and loaded for this special event and you cannot ignore the potential that this mighty female brings to the table! She was a \$46,000 top seller of the 2011 Sweetheart Sale and she is one of only two daughters of Vanilla Ice and the great female that produced Stud Monkey, Donor M-51. The pedigree alone is worth the price of admission here but study the massive power and great structure of this double-clean beast that averages 16 embryos/flush. She is a silver show calf machine that we are likely turning loose too soon.*

**Mimms Cattle and Bird Cattle**

## MIMMS/SHIRLEY DONOR 735

Female Calved: Fall 2007

Sire: **Beat the Heat** (Full Flush x G1)

Dam: **Take Charge x Maine**

Tested THF/PHAF

Sells open with a heifer by **Night Moves** born 2/25/14

# Lot 9

*The boat is really loaded this spring – more opportunity and quality than ever before – and this gorgeous club calf machine is sure to be a favorite for many! She is already the dam of three calves over \$10,000 each including big hits like “Monkey Business”; a proven sire at Tusa Cattle, TX, and she has been hard to match in production including great results over several flushes. Many will remember her as a heifer calf in the 2008 Mimms Sale – she was one of the hairiest and most popular – and now she has proven herself to be a memorable producer with much more to come. Her first calf, Monkey Business by Chunky Monkey, has sired a number of top sellers for Shirley Cattle and others, her 2011 calf crop included a \$15,000 steer by Monopoly raised by Mimms, and her 2013 son by Unstoppable brought \$12,000 in the Shirley sale this spring. This powerful cow is exceptionally sound, balanced, and attractive for one with her degree of bone, mass, and incredible hair. We pictured her just 5 days after delivering the fancy heifer that will sell beside her so you won’t believe her when you see her and you surely won’t believe she is THF/PHAF. Load a lasting favorite here!*

All exceptions taken and adjustments made are between buyer and seller. **Breeding Information:** Please see the footnotes regarding breeding information for each lot. All bred females will be examined for pregnancy by a qualified DVM prior to the sale and any changes to their breeding status will be made available sale day. Conception dates listed in this booklet are based on the results of said pregnancy examination and/or known breeding dates, and are intended as estimates of calving date only. **Health:** All animals will be accompanied by a health paper valid for interstate shipment. Buyers should make themselves aware of their respective state’s health requirements prior to the sale. **Guarantee:** Those cattle described herein as “checked safe” or “safe” are guaranteed bred and do not carry further guarantee. No guarantee, expressed or implied, is made as to an animal’s ability to produce transferable embryos or frozen semen. All claims on bred females must be made in writing within 60 days of the sale date. **Insurance:** Livestock insurance will be available at the clerk’s desk through Great American Insurance. **Trucking:** If you require assistance in transporting your purchases please contact the sale manager. Every effort will be made to minimize costs to the buyer. **Announcements:** Any announcements made from the sale block by the owners, auctioneer, or sale manager take precedence over any printed materials. **Sale Booklet Prepared by:** Craig M. Reiter, Sale Manager.

# The Stoutest Silvers and Smokes You Will Find!

Calamity Jane 829

## MIMMS 829-1

Female Calved: Fall 2008

Sire: **Hoo Too** (PB Charolais)

Dam: **DSUL Calamity Jane 829** (Char x Maine)

**Due to calve September 5 to Red Rooster - Calf Sex: Bull**

*Beauty and Beast merged into one great smoky package! This high-powered, high-percentage Charolais female is a daughter of Sullivan Ranch's noted "Calamity Jane" donor that delivered a long string of hits including several Texas Major Champions. This young cow is a real feature in the offering with two recent calves growing into excellent steers that averaged \$3,100 and she is due for her third stout bull calf now. Her frame score is ideal and she has the body, back, and neck you need plus a double-clean pedigree that makes her so easy to blend for even more power. Go for extra power and great color with this proven favorite!*

**Mimms Cattle**

 Dam: **GK S-92 (Slick 50 x Meyer 734)**

**AI 11/07 to Cerveza – PE 11/15-1/10 to Straight Jacket – Safe-in-calf**

*A loaded beauty with so much to offer, maybe the best thing about this future leader is what she doesn't have. She is so sound and correct and so exciting from every angle that you cannot find anything not to like. From her loaded, TH-Free pedigree to her fantastic good looks, we think she is headed for stardom. She was a great heifer calf that has become a great cow and she sells with no strings attached. Share the future, indeed!*

**Kroupa Genetics**

**Due to calve August 15 to HL Born Free - Calf Sex: Heifer**

*Super predictable and super wide! This young full sister to Leroy Brown will make a smart choice from the lineup and she is bred for a fancy return. She is really wide and massive with real power down her back and to the ground, and she brings quality like a first calf by Above and Beyond that was a breed champion at the Panhandle Parade of Breeds, a second heifer by White Lightning that brought \$2,000, and a third calf by Stud Monkey that sold for \$2,500. She was shown by the Mathiew family, TX, as a calf and she knows how to pay the bills!*

**B/K "HARDINGS SUPERMOM"**

Female Calved: April 2008

Sire: **Full Flush**  
 Dam: **Meyer 734 x Angus**

**Due to calve August 4 to Solid Gold**

*A special feature that is filled with time-tested genetics and field-tested performance, "Supermom" is exactly that! She is the dam of a trio of high-selling sons from \$12,500-\$20,000 so far and she is coming with some real power to Solid Gold. She was part of a powerful trio of donors that Boysel and Kroupa added from Pete Harding, OH, and we pried her loose for this special offering. She was bred to combine with your powerful favorites and she'll deliver the premium power with her exceptionally complete design and classic goodness.*

Female Calved: Fall 2010

Sire: **Hollywood**

Dam: **Mimms Donor 268M** (Proud Leader)

**Due to calve August 15 to HL Born Free – Calf Sex: Heifer**

*A former show heifer for Kaylee Shores, TX, this powerful redhead is the dam of an excellent Red Angus heifer that is being retained. She is heavy-duty in her construction with more rib, more hair, and more mass than many you will find. She is covered in valuable hair and she gets it honestly from Donor 268M, the powerful Shorthorn leader in the Mimms lineup.*

Female Calved: Spring 2005

Sire: **Meyer 734**

Dam: **OCC Anchoress 942C** (OCC Anchor)

**Due to calve September 3 to Solid Gold – Prob. Calf Sex: Heifer**

*The definition of a great F1 female, you'll love what this proven female will do for you! She is one of the last from OCC Anchoress 942C, one of the most impressive and productive daughters of OCC Anchor to ever work, and full sisters have sold as high as \$24,750. This cow does everything well including an average of 12-14 embryos/flush and she looks great doing it with her smaller, larger boned, better haired shape and no-miss structure. Previous calves have been strong and she is due with another valuable daughter this time. Enjoy a maternal giant!*

## AIRHART 630

Female Calved: Fall 2006

Sire: **Frog** (KC x Angus)

Dam: **K.C. x MA**

**Due to calve September 12 to Wiseguy**

*New to the DU lineup but surely not new to Lone Star Success, this is one of a sweet selection of females from Carter Airhart and his proven herd. You'll love the pattern and no-holes design of this Frog daughter whose best effort so far has been a stout son that went to Bonham Show Cattle, OK, for \$12,500. She is a full sister Airhart Donor 730, the dam of several top calves again this year plus the impressive Lot 91, and she is big hipped and totally feminine with the line-bred KC blood that works!*

Sire: **Chunky Monkey**  
 Dam: **Rock On x Maine**

**AI 11/07 to Man Among Boys – PE 11/15-1/10 to GFK & Pacus Parabellum – Safe-in-calf**

*Chunky Monkey sires great females and this is some of his finest work. This prime-aged smoke is really smokin' in terms of balance, structure, look, and producing ability. She offers a perfectly sized, perfectly structured form and she raises them right with a herd bull and a \$8,500 steer to her credit already. Take note, she is very protective when she calves but she does it on her own and you won't care once you see what she has. What a cow!*

**AIRHART 545**

Female

Calved: Fall 2005

Sire: **Heat Wave**

Dam: **Meat Loaf x Mimms Angus Donor 1622**

Due to calve September 12 to K.C.

*A special treat from one of the most trusted female lines we know, take advantage of a great female carrying what may be the last KC-sired pregnancy to ever sell! This exciting Heat Wave daughter stems from a trusted maternal line that has been behind several Mimms favorites over the years – her second dam was a true foundation female – and she has the look and build that works. She is cool, sound, and hairy with the optimal size and wedge-shape that is so in demand. KC is the backbone of the Airhart herd and Donor 1622 was one of the best to work at Mimms Cattle; what a package!*

**AI 12/10 to 80 Proof – PE 11/26-12/31 to 80 Proof – Safe AI – Due 9/18**

*A deep, full-bodied, maternal gem from Cunia 602 and OCC Anchor, this docile cow has placed two calves in the top end of Boysel Club Calf Sales. Like you would expect once you see this cow, her calves by Heat Wave and Walks Alone were big ribbed, thick, sound calves that sold well. She's big backed, deep twisted, and easy keeping and she sells safe to 80 Proof, the \$20,000 I-80 x Irish Whiskey blend.*

Sire: **BH Right On** (by Made Right)  
 Dam: **Hale Donor 824** (Outer Limits x BH 0002)

**Exposed to BH No Worries – Due approx. 9/08**

*We've got an exceptional offering of winning Hereford-exotic genetics this year and there is no better place to start than with the dominant BH 0002 cow family, the same tribe that produced both the Champion Polled and Horned Steers of the 2014 Ft. Worth Stock Show. This granddaughter of BH 0002 is a maternal sister to the 2013 San Antonio Reserve Champion Hereford Steer and she is gorgeous from start to finish. She is so smooth and balanced with great hair and a beautiful front end that blends so nicely with her impressive rib and body shape. Two full brothers sold this spring for \$25,000 and four flush mate brothers sold a year ago for an \$8,125 average plus her marvelous maternal sister sells as Lot 76. Her dam is as consistent and exciting as any female in the Hale lineup and this fine piece of equipment will rank with the very best we've offered in our Hereford division.*

Female Calved: Fall 2011

Sire: **Carpe Diem**  
 Dam: **Hale Donor 824** (Outer Limit x BH 0002)

**Exposed to BH No Worries – Due approx. 9/23**

*More of the good stuff from Hale Donor 824, here is a powerful full sister to the 2013 San Antonio Reserve Champion Hereford Steer. She was intended to be a feature of our 2013 Share the Future Sale with her proven pedigree and impressive quality but she was young and came in open so she spent last summer in transplant instead. Several of her embryos sell here and she is now bred and ready to work for you. We got her a little over-conditioned while she was flushing but trust us that this was the thickest, best fronted, best balanced heifer in the 2011 crop and she should be a machine in production. She has no Made Right in her pedigree and her donor dam is one of the best we have ever worked!*

**Exposed to BH No Worries – Due approx. 8/24**

*Give this one a good look because she is bred as well as anything in the offering and she has some valuable tools that will make her work great! Her dam is a 12-year-old cow that keeps on giving us quality and she was the first calf from Hale 0002 whose daughters produced both the Champion Polled and Horned Hereford Steers at the 2014 Ft. Worth Show as well as the dam of the Lot 75 and 76 features plus the noted sire, BH 3011, and his productive full sisters BH 3012 and BH 3014 who produced the dam of Lot 79. **KROUPA 7145**

Female Calved: Fall 2012

Sire: **Stud Monkey**

Dam: **Manchild x Maine**

**Due to calve August 16 to Platinum**

*A Stud Monkey from the dam of Rainmaker, this smoky heifer is really exciting! Walk the pens to find her but she'll stand out with her great style and fantastic hair plus a versatile size and powerful build that should be really handy. She is bred for a bit of old school goodness with Platinum, sire of several young favorites at Kroupa Genetics; most from first-calf heifers.*

Female Calved: 2012

Sire: **Carpe Diem** (Tank x Timex x Cannon)

Dam: **Charolais**

**PE 11/15-1/10 to Here's 2 U – Safe-in-calf**

*Another stout, smoky heifer with tremendous depth of rib and the wide, soft hip we love. Note the great hair and baldy face that will come in handy.*

**Kroupa Genetics**

*Lot 103*

**MIMMS 219**

Female  
Calved: September 24, 2012

Sire: **Solid Gold**  
Dam: **Mimms/Sharp Donor 9P** (Full Flush x Charolais)

**Due to calve September 18 to 2 Bar 5050 (Angus) – Calf Sex: Heifer**

*This fancy silver heifer is a full sister to the heifer James Mitchell, TX, raised and sold to the Kurt Thomas family that was Champion AOB of the 2013 South Plains Fair and a Reserve Division Champion of the 2014 Ft Worth Stock Show. She is one of the last daughters we have from Donor 9P that was a Champion female herself before selling as a feature of our 2012 sale to Mike McKay, WA.*

**KK 174**

Female Calved: Fall 2011

Sire: **No Apology** (Tank x Hoo Doo)  
Dam: **Hale 74** (No Spin x Trav 6807 x Char)

**Tested THF/PHAF - Due to calve May 31 to Total Solution**

*More double-clean quality from a 2009 Share the Future selection that keeps on delivering the hits, this gold/red heifer is due shortly after the auction with what should be a great first calf. Her dam has been a great buy and this heifer's unique pedigree is complimented by her good hipped, loose-structured design, large foot size, and ideal frame score. She's double clean and versatile enough to make them haired or slicked.*

**Kroeger Kattle Co.**

Lot 105

**BOYSEL 959**

Female Calved: May 2012

Sire: **Carpe Diem** (Tank)  
Dam: **Friction x GK 159 Silver** (Mojo x Charolais)

**Tested THF/PHAF**

**AI 11/18 to 80 Proof – PE 11/26-12/31 to 80 Proof – Safe AI – Due 8/27**

*A painted freak from a powerful cow line, this flashy favorite is sure to catch your eye and then some! She is great necked and big haired with tremendous rib and muscle shape. Her dam is a full sister to Addiction, White Noise, and Grey Goose as well as the 2008 Illinois Champion Steer and Lot 34 from the great 159 Silver donor that now works for Willis Cattle, OH, and also produced the popular AI sire, True Grit.*

**Boysel Genetics**

Lot 106

**BOYSEL 5200**

Female Calved: May 2012

Sire: **Hammer Down** (Gizmo)  
Dam: **GK Donor 5200** (Heat Wave x Shorthorn)

**Tested THF/PHAF – Retaining the right to two flushes or not less than 10 embryos**

**PE to 80 Proof 12/01-12/31 – Safe-in-calf**

*If you are looking for the next great Shorthorn-influenced donor, then you have definitely come to the right place! This THF/PHAF, red-roan heifer is as stout, massive, sound, and hairy as they come and her dam is a powerful source of quality in the Kroupa program. She is a reluctant sale offering so she missed the photo session in Hereford but she is well worth your drive and some close inspection. We think you'll agree that it is really difficult to find a Shorthorn heifer that is this good and powerful without being too big and still being double-clean. Come and see for yourself!*

Sire: **Dr Who**

Dam: **Mimms TJ-401** (TJ x Donor 401 by Blue Chip)

**Due to calve August 15 to 2 Bar 5050 (Angus) – Calf Sex: Heifer**

*What a great package here! You know we are digging deep when we offer rare beauties like this one that is layered in proven genetics and so hard to replace. She is the product of a predictable mating involving several favorites like her gorgeous donor dam and deceased second dam that produced the featured Lot 1 and the 2007 Ft. Worth Reserve Grand Champion Steer, among others. Kroupa Genetics, SD, owned a full sister to this heifer that they cloned before her death because this pedigree is so valuable and because she looked like this shaggy-delicious, double-clean leader that is so sound, smooth, feminine, and perfectly sized. She was built to blend with your favorites and she should be just right plus she is coming with a first heifer calf to expand the success of this great cow family!*

**Note on Fetal Sexing:**

Whenever possible we tried to determine the sex of the calves these bred females are carrying. Not all females were available for fetal sexing and it's an inexact science so calf sex cannot be guaranteed. To the best of our knowledge the females will calve at approximately the dates shown and there is a strong likelihood they will deliver the calf sexes that are shown. Bid accordingly.

### Lot 201C - Three embryos by Deadliest Catch

### Lot 201D - Three embryos by I-80

- This one puts the "Wow" in "J-Wow" and we were proud to feature the genetic sales debut of this multiple-champion show heifer a year ago; Boy did she deliver! There really was little doubt that she would come through but who knew it would be so quickly and so powerfully?
- One of the pregnancies we sold in our 2013 Share the Future Sale produced the \$13,500 top heifer calf of the 2014 Mimms Club Calf Auction - shown here and also on page 48, she is really something you should see - and another daughter by Made Right recently sold for \$10,500. J-Wow 18X works great to other bulls as well with a really good \$6,750 steer by I-80 and a Cyrus daughter that brought \$5,750 earlier this season.
- Great Hereford-exotics built with Heat Wave genetics are dominating the scene lately and the quick success of this beauty is easy to believe because she was just waiting for her time to shine. These recent high sellers were from her very first embryo calves so we are just getting started on what is sure to be a wild ride.
- Go for some new age jaw-droppers from J-Wow 18X, a young superstar!

### Lot 202A – Confirmed, heifer pregnancy by Milkman

Due to calve August 17, 2014 – Available sale day – Recipient is a crossbred cow Tag 284

### Lot 202B – Three embryos by Milkman

- The dominant source of three years worth of Texas club calf greats, Donor N-117 has slowed her embryo production – it is pretty much at a standstill right now - but certainly not her reputation for fantastic quality and results! We have a limited offering this year but we know we've got to do what we've got to do to bring you to Hereford so we're reluctantly turning loose of one of our only pregnancies and three of the only embryos on ice.
- You know this cow, everyone does. Donor N-117 deserves her spot among the very best females of any breed or species with her amazing consistency and success. She is the dam of a lifetime running average in excess of \$10,700 from 37 calves including not less than at least one class winner at Ft. Worth in three of the last four years.
- A son by Milkman was Landry Barton's 2011 Ft Worth Grand Champion Steer and his brothers have been real leaders of recent sales at Mimms Cattle including steers in the 2011 and 2012 calf sale that have sold for \$64,000, \$32,000, \$31,000, and \$15,000 with all 13 calves in the 2011 crop averaging an amazing \$12,508. The entire 2010 crop averaged \$4,620 with the top 5 head bringing in \$13,700 per calf and her only son in 2013 sold for \$10,500.
- Daughters of N-117 include the record-setting Lot 203 donor at \$60,000, her \$26,000 sister by Cerveza that is now owned by Sullivan Farms, IA, and many more that are now in ET production including the Milkman daughter owned by Forbes/Graham/McCollum that sold for \$15,000 in the 2012 Mimms Sale before winning multiple shows including a selection as Champion Chi of the 2013 Houston Livestock Show. Her full sister brought \$11,000 in the same auction.
- Recent results from embryo sales include "Chocolate Milk", the new Milkman son at work for Garwood Cattle, OH, and Copus Cattle, TX, whose first calves are drawing rave reviews.
- There may never be another like Donor N-117. She is the complete beast – on the hoof, on the tanbark, and on the balance sheet. Buckle up and enjoy the ride because there will not likely be many more – we're lucky just to have these.

### Lot 203D - Three embryos by Milkman

- The \$60,000 record high seller of this sale just keeps chugging along and pumping out the good ones like we knew she would and we've got another great genetic offering from her this year.
- It's still hard to believe but this beast is double clean. You remember how well Milkman worked with her mother. These should be really good.
- Donor 4527 has been busy lately with a \$10,000 daughter by I-80 that works for McLemore Farms, OK, a \$6,000 son by Stud Monkey that won his class at San Angelo, and his \$9,000 full sister.
- Stud Monkey blended with Donor 4527 to produce "Spider Monkey", the \$15,000 Denver display bull. And remember the 3 head that averaged \$6,167 a year ago. All of those cattle were made BEFORE we knew that this cow was clean. Now that we know, it's like starting all over again and these combinations should be a great launching point!

### Lot 204B - Three embryos by Milkman

- Another amazing daughter of arguably the best club calf cow on planet Earth, Donor 9117 is off to a racing start! Like the Lot 203 donor, she is shockingly double clean and we love it because we can make plenty of matings like those featured here.
- The first embryo calf from this cow was a \$5,100 red Milkman steer in the 2014 Mimms Club Calf Auction. This impressive cow carries the red gene so, judging by that first calf, Solid Gold should be just as successful if not better and maybe even more colorful.
- This cow was a multiple winner and as she matures she looks more and more like her mother. Count on these embryos to deliver big quality and color that will work in a variety of ways.

**Lot 205C – Three embryos by Made Right**

**Lot 205D – Three embryos by Kaw-Liga**

- Cut the corner to big success with some frozen hot ones from Donor 713! She's the world's best Wasp daughter because she doesn't seem to miss after three outstanding calf crops on the records in Hereford. This amazing cow shares a second dam with both the Champion Polled and Champion Horned Steers of the 2014 Ft. Worth Stock Show and her maternal sister – that sold in our 2009 sale to Day Cattle, Meadow, TX – recently produced the Champion British Steer of the 2014 San Angelo Stock Show. This is the best cow family at Hale Cattle!
- The first embryo crop from Donor 713 contained 5 steers that sold for an astonishing average of \$8,580 and her very first calf was a steer by Hale's calving-ease bull that sold for \$3,200.
- The spring 2013 calf sales included a son by Made Right at \$30,000, a bull at \$12,000, and a heifer at \$6,400 – the only three calves sold this spring. The flush mate sisters sell as Lot 79 in this auction and they are outstanding.
- We sold her first flush in our 2010 Share the Future Sale to Born Ranches, TX, and from it they raised Right Answer 713, the \$25,000-valued bull by Made Right that sold one-half interest to Tee & Joan Knox, TX, and his full brother that was Champion Hereford at the 2012 Belt Buckle and later stood third to the Champion & Reserve Hereford Steers at Ft. Worth plus another donor female that has been valued at more than \$30,000.
- Dr. Mimms has got this cow lined out right and she is really cooking up the right kind. Go for proven stuff with Made Right or try a new twist with Kaw-Liga. She can't miss!

**Lot 207B – Three embryos by Made Right**

A freak-necked, predictable daughter of the Lot 206 donor, Hale 753 is a full sister to the 2007 Ft Worth Champion Hereford Steer and the 2008 Houston Champion Hereford Steer plus a maternal sister to the 2011 Houston Champion Hereford Steer. Tony Hollingsworth, TX, selected a \$11,500 full sister to Donor 753 this past fall and Bryan Benson, TX, produced a \$7,500 steer last spring from a package of three embryos just like these. Several maternal sisters to this cow have been sale features here over the years like the trio that averaged \$7,333 in our 2009 sale.

- A red-hot and very proven combination from this Hale favorite and a sure-fire attraction to our 2014 lineup, these embryos will produce full siblings to the 2014 Houston Livestock Show and Rodeo Champion Shorthorn Steer!
- Starburst has sired a slew of major champion Shorthorns lately and 5 full siblings to these embryos averaged in excess of \$5,000 this spring.
- Donor 746 is an awesome animal that will be heard from again. It might as well be in your pastures!

**Lot 209B – Three embryos by Two Tone**

- When we say "Share the Future" we mean it! This gorgeous female was a favorite bred heifer of our 2010 offering where she sold for \$7,400 and she developed into the productive donor you see here that recently sold for \$20,000 after flushing and working well at Hale Cattle.
- Donor 805 is the dam of an exceptional fall calf by Man Among Boys, two sons by Solid Gold that sold for \$7,000 each a year ago, and the \$7,500 Two Tone steer you see here. She has proven herself to be especially consistent. Bradley likely sold her too cheap.
- Take them home and take care of them. They'll take care of you.

- A super-cool, double-clean club calf machine! This new donor is incredibly good necked and huge legged with amazing hair despite her TH-Free status. We've got big plans for her.
- Three of her daughters by Monopoly were popular features of our 2012 DU Sale where they averaged \$5,300 to Eddy Womack, TX, and Robert Shephard, OK. They were full brothers to a \$10,000 steer that was second in Class 8 at Ft. Worth and a daughter by Yellow Jacket brought \$6,900 in our 2011 Share the Future Sale to Brandon Patschke, TX.
- Inspect this cow before the sale and think what MAB will do here. Ummm, good!

### Lot 211B - Three embryos by Stud Monkey

- Get serious about taking it to the next level with Donor 26, a new-age freak that is getting really serious about raising the bar all on her own. This one is so good she will make you feel a little light headed and she is bringing the heat with immediate, top-end results.
- The first three embryo crops from this stouter, hairier, wider slot machine include the Champion Simmental Steer of the 2013 Houston Livestock Show by Milkman, a \$75,000 son by Stud Monkey, and the new sire "GFK" that will be on display at the auction.
- This pregnancy by the rare Who Da Man has major champion written all over it and these embryos represent her most impactful combination to date.
- There are precious few bovine like Donor 26. If you saw her in Hereford then you know what the fuss is all about. Foot size, bone shape, body capacity, soft muscle, and more flank plus the goose, the caboose, and flex that would make a raccoon jealous. What a cow!

**Lot 213E - Three embryos by Solid Gold**

- This full sister to several club calf legends has become a legend herself with amazing performance over the years in Hereford! She's not as young as she once was but her style and power are even more in demand than before and she keeps cranking out the hits like a \$53,000 son by Solid Gold in 2013.

- She is loaded genetically and her next crop seems to always be better than her last! She is a full sister to greats like Miss Perfection, the dam of Smooth Sailing, and favorites like our Mimms Donor 701 and her full sister that sells as Lot 5, and her dam is the amazing and now-deceased Ms Chill 602G formerly the leader at Sullivan Ranch, TX.
- The 2013 Mimms Club Calf Auction featured 7 head from Donor FF602 that sold for an amazing average of \$12,245 with the top 5 head at \$15,700 and the top steer being a \$53,000 son by Solid Gold. Included in the group were four sons that brought \$7,500 each - amazing consistency.
- Her previous crop was nearly as good, posting an average of \$5,200 from 4 sons with each one born selling between \$3,100 and \$6,500. Previous crops included a pair of sons by Solid Gold that sold for \$8,500 each in the 2011 Mimms Auction plus more sons by Heat Wave that sold for \$7,000 and \$4,600.
- She has been raising them right since she started - like the \$7,750 daughter by Chunky Monkey and another son by Heat Wave that sold to Jess Shirley, TX, and was the first place Heavy Chi Steer at the 2011 San Antonio Stock Show.
- This popular powerhouse is a leader because she is too talented to blend in with the pack - see for yourself sale day!

**Lot 214F - Three embryos by Monopoly**

- Produced from the amazing full sister to the dam of the Lot 213 donor, our full sister to Amen is one powerful beast and she delivers great things in a hurry! She was bred to be a potent go-to girl for consistency and cutting edge quality as she stems from the great 602 family and is a maternal sister to favorites like GK/BG Donor P-89, her full sisters that sell as Lot 2, and their full brother, Simple Math.
- Our first embryo crop from Donor 6653 arrived last fall and included leaders like the \$10,400 Heat Wave son that sold to the Bezner family, TX. Donor 6653 is the dam of Kaylee Shores' multiple-winning heifer from 2012 and the excellent pair of daughters that averaged \$4,600 in our 2012 Share the Future Sale plus a full sister brought \$10,200 a year ago.
- This rip-necked, huge-hipped cow is double-clean by pedigree and double-strong as well. She will be a favorite of many in the pre-auction donor display.

- The dam of the exciting Lot 22 cow in this sale and many more, cows like Donor 268M are so good but so hard to find. They are rare and wonderful and they lead to another rare commodity - Shorthorn steers with the right muscle and the right frame score and a real chance to win. This cow is rising rapidly through the ranks with the consistency and quality in her first embryo crop.
- This purebred powerhouse produced six head in her first crop by Heat Wave and Solid Gold. Her four steers generated an average of \$6,088 with a top of \$11,750 on a Solid Gold steer. Her two daughters were outstanding and averaged \$5,000; both were by Solid Gold.
- A son was third in Class 3 at Ft. Worth in 2013 for the Simpson family, TX, and Donor 268M is also the dam of a \$30,000 daughter by Woolly Bully that sold in the 2010 Glover Cow Sale.
- The color, hair, and quality in her first crop have raised the priority of this donor. She's so massive, moderate, and mobile and she's raising the right kind.
- These pregnancies by Solid Gold will produce siblings to her first four calves that averaged \$5,812.50 and these new combinations may be even better!

- Be sure you make time to give this mighty white a long look before the auction and this first flush sells. She is something to see in the donor display and we can't wait to put her to work.
- Already the dam of a \$6,750 heifer, this young cow explodes with quality from her gorgeous structure – check the foot placement and balance here – to her immensely powerful shape. It's hard to find a purebred Charolais with this soft and good of a hip design and this kind of good looks while still keeping her frame score more moderate. She is a real beauty and has a largely unrelated pedigree to others you will find.
- Flush her pure or cross – we will do both – and get ready for some big fun with Donor 845!

### OPTION C: MIMMS DONOR SADIE 634-1

Donor Sire: Foreplay

Donor Dam: Angus

Donor 634 is tested THF/PHAF

- Another new beauty to Hereford, Sadie 634-1 is a product of one of the most productive club calf lines in the business and she is quite a package that checks all the bases for productivity, quality and power.
- Her 2013 son by Heat Wave brought \$22,500 to Bonham Show Cattle, OK, and another accidental daughter by a Shorthorn bull still brought \$6,300. This cow has some real tools and we will be exploring them very soon.
- Donor 634 is a clone to famous Sadie 634F formerly of Sullivan Ranch, TX, who claimed a variety of credits like a pair of daughters at \$20,000 and top selling steers over several crops with a top of \$23,000.
- This cow is rock solid from every angle and a little investment here will pay big dividends in more ways than one!

### LOT 228 – "PICK OF THE ROOKIES" FLUSH

Special Terms of the Flush: The winning bidder may select any cow – or any multiple of cows – to flush to the bull of their choice. The flush is guaranteed to produce a minimum of 8 transferable embryos with no cap. Buyer will pay 50% down sale day with the balance due to the sellers after the flush. Buyer is responsible for all flush and semen expense. All donors are open and may be flushed shortly after the auction.

- The big debut of Donor 117, the smoky power source behind the success of Freeze Frame! These combinations should be really exciting and you will not find them anywhere else!
- Our previous sales have featured a number of females bred to Freeze Frame and customers have asked for more of them, and our 2013 Share the Future top seller was the \$30,000 Lot 60 Freeze Frame daughter that now works for Garwood Cattle, OH.
- If you get the chance head to Kroupa Genetics before the auction. They've got a new set of calves out of Donor 117 that look really exciting plus a young herd sire that is a full sibling to these Bojo pregnancies. All calves have been cream colored or gold with a few baldies.

- We just love this cow and she is working even better and faster than we expected! A flush we sold in our 2012 sale to Roecker Cattle, IA, returned more than \$60,000 from their first four calves sold – that's an average of more \$15,000 per calf!
- Donor 107 was the high seller of the 2012 Priority One Sale and she is an ultra-modern beauty with great tools for winning show cattle. She cheats on her double-clean pedigree with fantastic foot size and serious shag, plus her foot placement, movement, size, and shape are very exciting. Heat Wave works great with her – a daughter brought over \$35,000 in the Roecker flush and other customer report top calves as well – and it sounds like Chocolate Milk will work just as well.
- We had a great bull calf from Donor 107 this past fall but we lost him to illness; it won't be long until we get the ones we want and the price to get a piece of this beauty will be off and running. Get in while you can!

- This cow is a powerhouse and we are really getting her lined out after just one embryo crop. She works very well to Monopoly but she has the power to make slick-shear calves and we think Man Among Boys should be even better. These packages should be outstanding!
- This cow is getting older but she was arguably the best necked, biggest butted cow in our lineup; and that's saying something. She puts a lot of shape and width in her babies and more middle than we expected. She has been very consistent over a number of calves at Went Blacks, NE, and on our place.
- This cow is making a name for herself quickly because she is one of the most consistent we have tried. Grab on to some hot genetics on a really, really stout cow!

**Lot 234C – Three embryos by Solid Gold**

- Some of the last from the best half-blood Simmental descendant of one of the best club calf Angus cows of all time, the 50 donor is getting more valuable with each calf crop. Her 2012 crop was the best on record with fantastic success from three different sires!

- In the 2013 Mimms Club Calf Auction a son of Donor 50 by Solid Gold brought in \$44,000 to rank him as the second high seller of his crop, a daughter by Believe In Me brought \$14,000, and another daughter by Walks Alone brought \$6,000. All together, six calves from this beautiful baldy averaged \$11,933.

- A son by Heat Wave was third in Class 8 of the 2010 Ft. Worth Steer Show, a son by Smooth Sailing was Champion Gelbvieh at the Tulsa State Fair Prospect Show and 3rd AOB of the Oklahoma Youth Expo, and nearly everything from this cow has sold for a strong premium.

- She is the last of the great Black Witch tribe at Hara Farms, OH, and these combinations are sure to add a new dimension to a very proven foundation!

**What makes her truly great?**

- We only had one steer calf in 2012 and he brought \$30,000 in the 2013 Mimms Club Calf Auction, looked great all year, and recently stood third – slicked – in a Houston Chi class.
- We sold a flush from 7063 in our 2006 sale to the Blackburn family, NM, and they raised Ky Stierwalt's 2009 National Western Grand Champion Steer by Heat Wave
- Kirbe Schnoor, CA, showed the Reserve Grand Champion Prospect Steer of the 2007 National Western Stock Show. Produced from embryo sales to Nowatzke Cattle, IN
- "Denver Heat" – A \$15,000 AI prospect owned by Granny Creek Farm, OH, and HK Cattle, TX. Produced from an embryo sale
- The 2008 Mimms Club Calf Auction featured 13 calves by Heat Wave that sold for a \$6,701 average. Another 100% crop of sale qualifiers
- More calves in 2009-2011 in the \$5800-\$15,000 range with strong consistency.

- Don't argue with the Loaded Lady 11. She just keeps on delivering quality and profit and she can hit it big!
- Walks Alone works great with this well-proven leader and this new blend with True Grit should be even more promising. Her 2011 crop included a \$9,500 son by Walks Alone that got branded at Ft. Worth last spring and her 2012 crop included six sons that averaged nearly \$3,000 plus a heifer at \$3,100 in the 2013 Mimms Club Calf Auction.
- Over the years sons of The Loaded Lady have collected more banners than nearly any cow in our arsenal. Recent sons have been winners and her 2008 son by Heat Wave sold for \$12,500 for resale and was a 4-time winner for the Gentry family, IN, at the Morrow County Classic, Morgan County Preview, The Cannonball Classic, and the Columbiana Preview before winning his county fair. Two other sons by Dr Hook commanded big premiums and were selected as the Reserve Grand Champion Steer of the 2004 Kentucky State Fair and the other chosen as the Grand Champion KY Steer of the 2005 Kentucky Beef Expo.

**Lot 249B – Three embryos by Doctor Who**

**Lot 249C – Three embryos by Whizard**

- *To know this rare one is to love her and our affections are getting deeper as we are finally getting a chance to have some calves from her to keep for ourselves.*
- *Donor TJ401 is the best daughter of the deceased Donor 401 – the source of the Lot 1 features in our 2013 and 2014 sales and the Lot 237 donor here as well – and she is a true one-of-a-kind. Her dam was a legend and this one is on her way.*
- *Donor TJ401 is pure feminine power and valuable outcross utility; when was the last time you inspected a female with this pedigree that looked like this one does? Ever? She is the dam of the super-impressive Lot 112 feature and another exceptional female in the Mimms herd by Dr. Who plus their full sister that is deceased but was promising enough to be cloned at Kroupa Genetics before she was lost.*
- *If you want better cows – and show heifers – we offer our finest options here.*

### Lot 250A – The Right to Flush Miss Whiskey 8T

Special Terms of the Flush: Flush is guaranteed to produce a minimum of 8 transferable embryos with no cap. Buyer will pay 50% down sale day with the balance due to the sellers after the flush. Buyer is responsible for all flush and semen expense. Donor 8T is open and may be flushed shortly after the auction.

- The world's only PHA-free donor that is a full sister to the legendary Maine-Anjou sire, Irish Whiskey, Miss Whiskey 8T is another young giant in the pipeline here. She is built around the strength of one of the most influential Maine cow families in recent history and she might be the most important breeding piece in our donor pens today!
- Her potent full brother is one of the most in-demand sires of our time with an ever-growing list of accomplishments including show winners, high-premium daughters plus difference-making and sale-topping sires from coast to coast.
- Donor 8T is a beautifully-designed cow with massive body shape, excellent udder quality, a correct build, and optimal size and power to go so many successful ways. It is only a matter of time before she strikes gold.
- The dam of Irish Whiskey and Miss Whiskey 8T is now deceased. If you want original genetics from one of the most valuable lines in the game, Miss Whiskey 8T is your girl!

Mimms Cattle

- The very last from an all-time industry great! There may not be another cow that combines her degree of power, style and function, and very few can match her production. She was a \$74,000 valued investment and she has backed it up more than once. The dam of a number of standouts including the 029 donor, a \$203,000+ producer, and her sister, Donor 300, that was the \$17,000 featured Lot 2 of our 2011 sale, plus the proven Boysel sire 11-22 and many more.
- Daughters of F-22 have been high-sellers for a number of leading breeders and the 2010 Sweetheart Sale included four daughters by Chunky Monkey that sold for a \$10,250 average plus our 2010 Share the Future Sale featured a powerful daughter by Smart Choice that sold for \$5,300 to Ramiro Munoz, TX. We kept asking F-22 for more and she kept delivering the kind we all love. Enjoy these giant genetic opportunities from one of the best females we've ever known. What a way to celebrate 10 great years!
