TERMS OF THE SALE

Terms of the sale are cash or good check made payable to PrimeTIME immediately after the sale and before any livestock or merchandise is exchanged. Except where described differently in this booklet, full payment is expected on sale day. Invoiced accounts are due in full within 10 days of the sale date or may be subject to a 2% finance charge on the tenth day and each tenth day thereafter. Any person bidding on items in this auction agrees to these terms and conditions and understands that, by bidding, they are entering into a binding contract between themselves and the seller(s) and that they will be held financially responsible for their actions. This includes those people representing parties not present at the sale unless approval is received from the sale manager prior to the sale. All bidding disputes will be settled by the auctioneer.

LIABILITY

All persons who attend this sale do so at their own risk. Neither the sale managers, auctioneer, employees, nor the sellers may be held responsible for any accidents that may occur.

LOCATION AND SALE HEADQUARTERS

The Columbus Crowne Plaza North Hotel's Grand Ball Room - in The Continent off I-71 at SR 161 (E. Dublin-Granville Rd.). Five minutes north of the Ohio Expositions Center, 6500 Doubletree Ave., Columbus, OH 43229. Phone: 614/885-1885.

TABLE RESERVATION

Parties of ten may reserve a table for the auction by contacting anyone in the office of the sale manager. Only a set percentage of the available tables may be reserved and a fee will apply. Let us know if you would like to add champagne service and we'll have it ready for you when you arrive!

ROOM RESERVATIONS

Call the Columbus Crowne Plaza North Hotel at 614/885-1885 and ask for the "Frozen Gold Block."

IMPORTANT SALE INFORMATION

Unless described or announced differently, the following terms will apply to each of the lots selling.

THE RIGHT TO FLUSH

All lots described as "The Right to Flush" will carry the following guarantee. In all cases, a minimum of eight (8) transferable embryos is guaranteed to the buyer. In the event of any cow failing to produce the minimum number of embryos (8), the buyer will have the option of flushing the cow again until the minimum, and only the minimum, number of embryos is fulfilled, or the buyer may elect to have their money returned to them based upon a prorated price per embryo as determined by the auction price of the flush. In all cases, the buyer will assume the expenses associated with the embryo flush. The location and the technician used for the flushing procedure will be the choice of the seller and in most cases will be announced at the sale. Unless stated otherwise, the buyer will have the right to flush the female as soon as she is available. Please see each lot for details on each female's availability. The duration of the agreement will be 12 months from the date of the sale. If the purchaser has not received embryos within this time period, all deposits will be returned in full. If embryos are recovered but the balance of the flush purchase price and flush expenses have not been paid by the purchaser then all deposits will be forfeited and embryos retained by the seller(s).

PREGNANT RECIPIENTS

In the case of already realized pregnancies (i.e. embryos that have been implanted and confirmed pregnant) the buyer will pay 100% of the purchase sale day. Each of these recipient females has been examined for pregnancy by a qualified technician and is fully guaranteed to be carrying the mating described with each lot. These cattle will sell without further guarantee. In the case of unrealized pregnancies, the seller will provide the buyer with a pregnant recipient female that is fully guaranteed to be carrying the mating described in its respective lot on or about the time agreed upon by the buyer and seller. Buyer must take delivery of and make full settlement for their pregnancy purchase within 30 days of confirmation of the pregnancy and notification by the seller. All "sexed pregnancies" are fully guaranteed to be carrying the calf sex as determined in this booklet or as selected by the buyer. No guarantee, expressed or implied, is made as to a live calf, calf quality, or recipient value. In all cases, transportation will be the responsibility of the buyer in cooperation with the seller.

EMBRYO PACKAGES

Unless described or announced differently, all embryos are Grade #1s and are fully guaranteed to consist of their respective mating described herein. Due to the nature of this event and the wide range and geographical locations of the buyers and sellers involved, no guarantee can be made as to conception rate realized when using these embryos. However, if the buyer uses an embryo technician that is agreeable to the seller, and the buyer informs the seller of his intentions prior to implanting the embryos, at least one 90-day pregnancy will be guaranteed per three embryos sold. Many of the embryos will be available for transfer at the auction. However, in all cases, the buyer will be responsible for all shipping arrangements and expense.

SEMEN

All semen is guaranteed to be of acceptable quality but no guarantee is made as to conception rate. Much of the semen will be available for transfer at the sale. However, in all cases, the buyer will be responsible for all shipping arrangements and expense.

Selling one-half interest with negotiable possession – Sells open – Ready to work

- A proven Frozen Gold leader and the dam of so many leading cattle in the Schaeffer S&S Simmental outfit, there are few cows more proven with both pure and crossbred matings than this genetic giant that is so perfect for the times. She can and will deliver huge rewards to the lucky owner of this half-interest option with her best crop on the ground now and her flawless performance through the years.
- Already the dam of more than \$441,000 in progeny sales, S61 has become known for her consistency regardless of the sire used and she consistently produces annual sales in excess of \$75,000. Her current crop is surely her best yet – go see them on the farm before the sale to see what we mean – and S61 is working just like always in transplant with a strong record of 12.85 embryos/flush. She will be ready to work again shortly after the auction.
- Recent calf sales include a heifer by I-80 that sold for \$18,000 and was recently selected as the Champion Percentage Simmental of the Ohio AGR Preview, another by Monopoly at \$12,000 that has already won for the Clause family, OH, another I-80 at \$15,000 and more calves last fall for \$7,500, \$7,000, and \$6,000. Another Monopoly daughter sold for \$10,500 plus sons by Heat Wave were consistent winners at the Purdue AGR, Heart of It All Preview, Ohio AGR Preview, the Hoosier Beef Congress, and Overall Champions at the Bill Rodgers Classic and the Huntington Preview.
- A purebred daughter was Reserve Grand Champion at the Tri-State Classic and 11 calves from S61 sold in the Schaffer & Tice Pasture Sales for a \$6,550 average including two steers at \$8,500 each, a purebred heifer by Affirmed at \$7,500, and another steer by Manchild at \$5,000.
- One Dream S61 was bred from the Schaffer foundation with layers of versatile cows behind her. This special half-interest feature gives you a great chance to ride her wave of success for years to come. All you need to do is follow the roadmap and Dream Big!

Rumor Has It...this guy is just what we've been waiting for from a tried and true Frozen Gold line of great cattle. This bull is loaded with proven genetics and he comes equipped with expected calving ease, a unique genetic blend, and all the modern necessities that come with a bull that looks like this special sire always has.

He was produced from a beautiful first-calf dam that is likely to see some time in the ballroom soon and he arrived with just a 73 pound birth weight before growing into the beast you see here. Compare him to the best you have seen for important traits like foot size, balance, body shape, movement, and oh that wonderful shag; he's for real.

He is backed by a power-producing maternal pedigree that includes legends like his high-selling second dam, Dream Girl 42TJ, that was the featured live lot of our 2013 Frozen Gold and now works for The Farmer Group, OH, and his \$82,000-valued third dam, Rowe Ms Habanero 42EJ, that ranks as one of the most productive Maine cows in history. Plus, his outcross top side pedigree features the great consistency of BBR Rumor Mill, the Benz x Whiskey blend that has been the most consistent sire the PUPS program has ever used and has been leased the past two seasons thanks to the generosity of Heritage Farms, Carlos and Pat Wolfe, OH.

Study your pedigree. Benz. Whiskey. Northern Improvement. Habanero. Draft Pick. Consider the low birth weight and the amazing look. Rumor Has It this bull was bred for the bright lights and to make a lasting impact on the game!

Selling full interest and possession – Due to calve April 21, 2014 to Limestone Trifecta

When was the last time you saw a purebred Simmental like this? Ever? If you did, you should have bought her because there are so few of them and they work so well to create so much success in today's game; just look at Lot 1.

This long-haired, geek-necked masterpiece is so young but already so proven with multiple sires. Her flush to Trifecta – she is coming with another this spring – produced five calves in 2012 that sold from the pasture for \$14,000, \$6,500, \$5,000, \$4,000, and \$3,500 and included the eventual Supreme Champion Junior Heifer of the 2013 Nebraska State Fair that was also selected as the Reserve Champion Percentage Simmental of the 2013 American Royal and the Kansas Beef Expo.

Another late flush to Monopoly produced a set of May calves that sold for \$6,500, \$5,000, and \$4,000 despite their age disadvantage. They were good and this cow will really work that way as well. In fact, with her look and outcross pedigree, there is a very long list of bulls that should click so well with this one.

How about that neck and look on this purebred? And what about that shag? Wow! She's as good as she looks and she produces even better. Cross her up or keep her pure, it won't take much faith to make Miss Faith work for you!

Selling the buyer's choice of one-half interest in either the bull or the heifer. Buyer may elect to double hammer price to acquire full interest in their selection.

An amazing improvement option from the top of the Angus gene pool, here is an exceptionally rare opportunity to select your own full brother or sister to Dameron First Class, the most in-demand sire for winning Angus cattle in the game today. You can write your destiny here because these two gems are untouched – they haven't even been named or clipped yet – and built with even more quality and potential than you might expect. They're ready to bust loose in their new home and there is literally no limit as to what might happen when they do.

Their famous, deceased full brother is absolutely dominant when it comes to producing championship Angus cattle. So many sons and daughters have been great success stories that we cannot begin to name them here. First Class semen recently sold for more than \$5,000/straw and it is so hard to come by that you better quit looking.

Go see these cattle in western Indiana before the auction. They're not just bred good they are good. The bull looks like his brother; deep, full, impeccably balanced and so attractive with real muscle and great hair. The heifer looks like a young donor cow with fantastic length, shape, and that signature First Class front end.

Two full siblings to First Class. Both of them excellent. Both of them rare. Both of them destined to make huge impacts on any program. The decision to buy is simple – but which one?

- Well, you can't say we didn't warn you a year ago. Destiny 110W is back again and she is likely here to stay – if her owners continue to share – after a magical summer and another outstanding calf crop. She is one of several amazing Hard Drive daughters working in the Goettemoeller program and we told you last March that it was just a matter of time before she fulfilled her "Destiny".
- This purebred beauty is the dam of Brook Egbert's powerhouse son by Believe In Me that beat them all at the Ohio State Fair last summer. Remember him? He was awesome but his mother is far from a one-hit wonder with other credits in the book and more to come soon.
- Destiny 110W is the dam of GOET Drivin' 80, the new calving-ease sire at Rodgers Cattle, IA, and her first embryo calves include Brook's high-selling and winning steer, his awesome fall-born full brother that will sell soon, plus a Heat Wave son that brought \$10,000 this fall and will be shown for the first time soon.
- Destiny was the Grand Champion Female of the 2010 Purdue AGR Preview for the Chamberlin family, among other titles, and her deceased dam was hailed by Fred DeRouche as "the best one I've raised" before she was lost too young. There is power in the blood here.
- We've got a special night planned for you this year for sure. Brian is digging deep again and Destiny 110W needs to be on your short list of favorite options. If you think her steers are good, wait until you see what happens when the world meets Drivin' 80!

Oh my, what could have been and what might be! We tried to convince you to buy these frozen gems in our 2012 sale and look what Miss Whiskey 2T has been up to since. She is on an absolute tear at the top of the Nowatzke program and she keeps pushing the ceiling higher.

Her daughter by BBBN X2 was the Hett family's big winner last season with prestigious titles like Supreme Champion of the 2013 North American International Junior Heifer Show and Supreme Champion of the 2013 Kentucky Expo. Another daughter, by SLC Sooner, was Grand Champion of the 2012 National Jr. Maine-Anjou Show and both the Junior and Open Shows at the 2012 American Royal for the Olivier family and she is featured here as Lot 7.

Remember that 2T was a big winner herself; Supreme Champion of the 2007 Heart of It All Preview and the 2008 Kentucky Beef Expo plus Reserve Champion MaineTainer of the 2008 American Royal. Also remember that her first son by Heat Wave is the \$34,000 "High & Mighty", and five daughters averaged \$32,000 in 2011 with several big winners in the crop. Here is your second chance. The first big opportunity from the first big winner from the Lot 6 donor, Calypso 28Y is another great opportunity to build something rare and wonderful – great high Maines.

Calypso 28Y was Brandon Olivier's dominant winner in 2012 when she was selected as the Grand Champion Female of the National Junior Maine-Anjou Show and the Grand Champion of both the American Royal Junior and Open Maine Shows. We mentioned her in our 2012 offering and she performed as expected and even better plus she is off to a blazing start in production.

Her first natural calf was a great daughter by GOET I-80 that sold for \$19,000 in the 2013 Nowatzke Female Sale and will be heard from soon. How can you bet against this combination with X2 that will produce an even better version of the 2013 NAILE Supreme Female?

Back again and coming off her best year yet – it will only get better – Cinderella S031 puts the "power" in power cow when it comes to purebred Simmental and this may be her best combination with A Step Up.

This heifer pregnancy and these embryos will produce full siblings to her \$90,000-valued daughter that was a great winner for the Matt Reed family, OH, over the last show season. Allison Reed showed her Cinderella daughter to Grand Champion honors of the 2013 NAILE Junior Simmental Show and the 2013 Ohio State Fair Open Show among several other wins, and her powerful heifer was the best member of a great flush that produced more than \$120,000 in heifer calves.

Other great Cinderella progeny include the \$38,000-valued top heifer of the 2013 Martin Dream Girls Sale by Trademark, and more by Sooner that have sold for \$14,000 and \$54,000.

Cinderella was a \$48,000 feature of the historic Lazy H Dispersal where another young daughter brought \$9,300 and, in total, Cinderella generated in excess of \$92,000.

It's rare when you find one that produces as good as she looks, and even better. Cinderella does that and she will make you a believer!

The Emerald Lady 138M

- Full brothers to the 2013 American Royal Grand Champion Steer that was also Reserve Grand at the 2013 Iowa Expo. Full sisters to the 2014 Ft. Worth Reserve Champion Chi Female that was a multiple winner for the Bart Elder family, TX. Full sisters to a \$15,000 2013 Holiday Classic feature. A full sister to Crystal Creek's great heifer that won often a year ago. New combinations with red-hot sires. How can you go wrong with The Emerald Lady? You can't. Just ask her recent buyers. They know.
- It's amazing, but The Emerald Lady 138M keeps getting better. She just works, big time, even when you think she will not. She continues to exceed expectations and pass her goodness to all that touch her. Her lifetime average of \$9,075 per calf is going up so fast it is hard to track and her daughters are becoming dominant players themselves – see Lot 10 and more.
- 138M has blended with everything we can think of - and some we didn't - and she just keeps cranking out the good stuff. New calves are on the ground and in the show rings and they're up to the same old tricks. It never gets old. Now you just need a piece of the action.
- Treat yourself to one of the best that has ever been.

Lot 9 is offered by Solid Rock Farms, Curt Welch – Little Hocking, Ohio

- One of the hottest sires in the game and one of the most exciting prospects to hit the scene in some time, Dakota Gold is for real and well worth his \$76,000 purchase price. His first calves are starting to arrive to strong reports and the strength of the maternal side of his pedigree is well known. This bull was bred for success.
- Note the pedigree here on this colorful superstar. His dam, Jessie 11D, is a double-clean daughter of Who Made Who whose dam was a feature of past Sweetheart Sales and now works for Reimann Ranches, SD where a full brother to Jessie 11D ranks as one of the most promising herd sires. Plus, the third dam of Dakota Gold is none other than Donor F-22, the legendary Draft Pick daughter that has been creating success for many in the Donors Unlimited program.
- A red, THC full brother to Dakota Gold recently sold for \$14,000 and, by the looks and reports of Dakota Gold's first calves, that amount may be the opening bid on several from the first crop.
- Take advantage of this huge offering of siblings to the go-to, double-clean sire for quality, color, and success!

The best in the west and one of the very best in the game, here is the much-awaited embryo debut of Wicked Harriet 902W, the no-miss dam of popular AI sires and winning show cattle around the country. This beautiful cow writes the book on club calf consistency with a long list of credits in a very short career.

From 10 sons born she is the dam of Matt Lautner's red-hot 2014 Denver sensation, The Italian Stallion by Man Among Boys, and the other young AI sires; Liquid Courage by Irish Whiskey, Don't Stop Believin' by Believe In Me, and Lucky by Man Among Boys. Another son, by Believe In Me, was recently selected as the Reserve Champion Steer of the 2014 Sioux Empire Show for the Kroupa family, SD, and daughters by Man Among Boys and BIM have been recent winners at the 2013 CA Cattlemen's Jackpot, the Western Bonanza, and the Red Wave Classic.

Nine bull calves equals a \$9,444 average from this amazing production machine and this figure does not count the new AI sire Lucky, he was retained, and no daughters have been sold so far from 902W.

She's got the look and the Midas touch with each bull that meets her. Note that her pedigree is very similar to the Lot 10 donor and this is her first attempt with Monopoly. It should be a perfect fit and you'll remember the night you bought these features.

With 100% premium sales and red-hot wins, Goose 200T is back again and only gaining steam! This gorgeous cow produces even better than she looks and it took some work to get these embryos because she flat out does not miss. Every calf from Goose raised at Henney Farms has sold for a premium and her recent crop really proved what she can do.

The 2013 crop included 3 steers by Monopoly with two selling in excess of \$20,000 to Gray Show Cattle, IL, and the third for \$7,500. One of them has been winning for Hunter Weber, IL, with recent titles like Reserve Grand Champion of the 2014 Purdue AGR and Top 5 in both rings of the AGS Midwest Showdown. Goose also delivered a \$10,000+ steer by Walks Alone from an embryo purchase by Kevin Miller, OH, that was later resold, and her natural son by I-80 is a real knockout as well plus two outstanding daughters have been retained by Mercedes Benz.

These embryos will also produce full siblings to the \$25,000 Reserve Grand Champion Chi Female of the 2011 Indiana State Fair and a Division Champion Female of both the Junior and Open Chi Shows at the 2011 North American International plus another Monopoly daughter that brought over \$9,000 for Garwood Cattle, OH, from their 2012 Frozen Gold embryo purchase.

Other Goose babies include the AI sire, Walkie Talkie by Walks Alone and a \$17,500 heifer by Believe In Me. Did we mention this cow never misses? This Goose is on the loose and you better catch her while you can!

The incomparable Lazy H Burn Baby Burn R34 - to know her is to love her – has finally made her way to the ballroom and she is bringing a giant genetic offering of cutting-edge Simmental quality!

This amazing powerhouse – we mean powerful! – was a great champion and she is the dam of a long list of favorites including the red-hot sire, FBF1 Combustible, her great son by Steel Force that is paving a new road of success with the arrival of his first large crop. Many more calves from R34 are leaders across the country like the \$21,500 Lazy H Burnice Y125 that was the Supreme Champion Junior Female of the 2012 WV State Fair and now works for Mertens Cattle, SD; and Lazy H Burn Notice W55, that was a \$13,500 heifer calf, a multiple winner, and is now a prominent producer for Katie Trail, NE; and Lazy H Burnice Z905, the \$21,000 top heifer of the 2013 Lazy H Dispersal that was the 6th Overall Female of the 2013 AJSA Summer Classic and now works for the Gabriel family, OH. Many more progeny have been attention-getters and top sellers including a \$7,800 son by Steel Force included in more than \$260,000 in production from this one-of-a-kind donor that is surely as stout as purebred females come.

Study the unique pedigree that Burn Baby Burn presents and consider her track record for consistent, leading performance. These combinations with some of the best sires in the breed are sure to take this legend to a new level. Burn ‘em up, Baby!

- Study your pedigree here and invest in one of the surest bets in the business! This is the Frozen Gold debut of Who Dat Lady 2037Z, the reigning ACA National Champion Chianina Female and the next great product of the time-tested 6651 legacy at Sullivan Farms, IA.
- This impeccable breeding piece was a \$65,000 selection as a heifer calf and she won big and often like Supreme Champion of the AGS Midwest Showdown, the 2013 Tennessee Agribition, and the Hancock County Showdown, plus numerous breed titles. She is a full sister to Luke Elder's 2012 North American International Supreme Champion Junior Female and the promotional sire, I Da Man.
- Other great products with this pedigree include so many that we cannot name them all here but remember that this special lady is a full sister in-blood to the Bridwell family's former NAILE Supreme Champion Female that is now the dam of a long list of hard hitters like Demi Powers' multiple winner in 2012 by Monopoly, the McLaughlin family's 2013 NAILE Junior Show Champion AOB Female, and her full brother, Affliction – both by Irish Whiskey.
- There is much to discuss and much to love with this one and the powerful packages she is bringing to her debut. Study up. Some lessons are easier learned than others.

- The heifers produced here will be full siblings to a number of winning purebred cattle with the most recent being Allie Standridge's \$41,000 top seller and multiple winner for the 2013 show season.
- Turton semen is severely limited with his recent illness and, considering that he just sired the 2014 National Champion Female and the most impressive sire group of the 2013 sale season, the calves produced here will rise sharply in value once you get them on the ground.
- This is purple-banner-winning, foundation-making stock. Power up with the best in the breed!

- Now the dam of more than \$1.1 million in sales including no less than 6 National Champions and some of the most influential cattle in the breed, Thomas Ms Impressive 0641 is a legendary matron and a shining example of bovine excellence. Her amazing performance and consistency through the years makes her exceptionally rare and exceptionally valuable.
- The heifer pregnancy selling here will produce a full sister to 6 recent National Champions including several cattle that have sold for more than \$50,000 each. In the fall of 2013, three full sisters to the calf that will be produced here sold for \$40,000, \$35,000, and \$30,000.
- Donor 0641 also combined with Monopoly to produce the 2012 Aksarben Grand Champion Steer, one of only two steers produced from her in 2011. Three daughters of Monopoly and 0641 arrived in 2012 and were sold for more than a \$15,000 average. This cow swings for the fences and connects.
- If you like 'em white and you like 'em right, we've really got the goods for you this year!

A special feature from the top of the proven donor battery at Sullivan Ranch, here is a huge opportunity to select the next champions from two of the most impressive and accomplished Charolais donors in the game, Hoo Doo Lizzy 2069 and TLC Katie 1077.

Both cows are long-time leaders with some serious credits to their names. 2069 is the dam of the \$26,000 DSUL Elizabeth whose daughter just produced the new promotional sire American Hustle, DSUL McSteamy, the \$11,000 DSUL Lexis and the \$11,500 DSUL Lifeline plus five Rapid Fire daughters that sold between \$3,500 and \$18,000. Another daughter by Hoo Doo Crook won big for Seth Elder, IA, and a daughter recently produced the 2013 NJHS Reserve Champion Female and Reserve Supreme Champion Female at Houston 2013.

Katie 1077 is another amazing piece of machinery. A \$24,000 daughter was Reserve Supreme Champion of the 2011 Ohio Beef Expo for the Winegardner family, OH, another daughter by Who Made Who brought \$20,000 to Stade Farms, MN, and past sales have featured Heat Wave daughters from \$5,000-\$9,000.

We've been waiting for the chance to blend these two amazing cows with Monopoly; it should be an awesome mating. Both cows performed well with good conception so we're pleased to offer this special treat from two of the very best!

It's hard to top a great Maine x Simmental cow and it especially hard to top them when they're as good and predictable as Miss Lamborgini 5S. After just a short time in transfer this old-school model is cranking out the hits with Denver favorites, high selling prospects, and winners in several states.

Her 2013 crop included 4 calves - two male calves and two females - that sold for the astonishing average of \$34,750 each. Included in this crop is "Armada", one of the most exciting, calving-ease, double-clean sire prospects of the 2014 National Western Sire Display; study his photo and you'll know why. Also included in the crop was a gorgeous daughter by Monopoly that has been a great show heifer so far for the Gilbert family, OH, having never finished outside the overall Top 5 after several showings.

Another daughter by Monopoly was selected as the Champion MaineTainer (ORB) Female of the 2013 Houston Livestock Show for Travis Goodrom so Lamborgini 5S looks to be as consistent as she is spectacular.

With her unique, outcross pedigree, Lamborgini 5S produces both MaineTainer and Simmental calves when combined with these two bulls - and others. Old school blood. New age look. Timeless success.

The most dominant genetics – across breed – have come to the Frozen Gold and it's hard to ask for more in a Simmental improvement opportunity than this! Here is your chance to access the proven, winning power of Yardley High Regard W242 through this opportunity to flush his dam.

Though she is sure worthy, this will be the first flush from Miss Yardley T68 and you will be one of the very few to own full or maternal siblings to High Regard W242, the sire of breed-moving cattle like Roller Girl Z24 who has been recently selected as the Grand Champion Female of the National Western Stock Show Junior and Open Shows, the AJSA Summer Classic, and the American Royal for Emma Vickland, CO.

High Regard is one of the most in-demand sires in the breed today with numerous progeny sales in excess of \$30,000 per head – including one daughter at \$75,000 for Jones Show Cattle, OH, this fall - and widespread use resulting in more than 400 progeny recorded in the ASA Herd Book. Build new donor cows and/or herd sires, expand your genetic base, put your program on the map; all with the purchase of one flush.

More from the top of the Simmental gene pool, here is your first Frozen Gold access to Miss Fancy Yardley T85, the leader of the winning donor battery at Trennepohl Farms.

This beautiful cow is the proven dam of favorites and young leaders like STCC Long Haul, the powerful Shocking Dream son whose first two crops gathered much acclaim. Long Haul progeny have been winners and high sellers for many breeders including numerous calves selling for more than \$10,000 and impressive, young sires like STCC Solution, STCC Jimmy John, and Mitchell Smith's Hoosier Congress and Indiana State Fair winning female. T85 also combined with Shocking Dreams to produce STCC Shock My Fancy, a full sister to Long Haul that was selected as a Division Champion Female of the 2011 NAILE and Hoosier Congress.

Miss Fancy Yardley T85 stems from the most productive cow family in the historic program at Yardley Cattle Company, UT, and she is a true foundation donor you can rely on.

LOT 23 – THREE EMBRYOS BY OPTIMUS PRIME

Available for pickup or shipping sale night

Miranda U1985, the \$34,000 power-producing daughter of the great Crazy Queen L98 is here and fully equipped with a new mating for even bigger success!

This maternal gem was a 6-time Grand Champion during her show career and her daughters have been fast winners across the country. Dusty Wise guided a Steel Force daughter to several wins in Oklahoma while Jonathan Crowe showed her full sister to the Winners' Circle several times in Georgia. This combination with Optimus Prime should be better yet as it blends several very potent lines of Simmental stock.

Build a new foundation in your program with one of the deepest Simmental cow families in the books. Crazy Queens for all!

Lot 23 is offered by Trennepohl Farms – Middletown, Indiana – Scott: 765/620-1700 or Jeff: 765/620-0733 – trennepohlfarms.com and Martin Livestock – Bargersville, Indiana – Jimmy: 317/431-0618 – martindreamgirls.com

Any cow that makes a habit of raising multiple state fair Grand Champion Steers deserves a spot in the Frozen Gold and Rocky Hills Mary MF9 is surely one of the most memorable females our game has known. This is the embryo sales debut of her productive clone and these embryo packages will replicate her unmatched success.

Rocky Hills Mary MF9 is the dam of three Midwestern State Fair Grand Champion Steers by Heat Wave. Her 2007 son was Grand Champion of the Ohio State Fair for the Grauer family, and in 2008 two different sons won the Indiana State Fair and the Iowa State Fair in consecutive weeks. Quite a feat for sure and, to our knowledge, one that has never been beaten.

A very unique purebred Simmental, Mary sold for the then-record price of \$150,000 to Bobby Price, TX. These rare embryo packages are a very certain commodity that will surely extend one of the great legacies our business has known. There surely is something about Mary!

LOT 25

Take note. This is the initial public offering from Eva 520Y, one of the youngest and most intriguing donors in the deep, deep lineup at Goettemoeller Show Cattle. She is another of their high-Maine champions that win big in the ring but then win much bigger once they enter production.

This young beauty was the Supreme Champion Female of the 2011 Hoosier Beef Congress and a multiple winner throughout her career though she had the misfortune of showing at the same time and in the same string as Goettemoeller's other young donor, Miss Rihanna 4Y, that is also featured in this offering as Lot 38.

Eva 520Y stems from a deep and reliable pedigree that is stacked with Maine-Anjou greats. Her full sister, Eva 517Y, was the \$120,000 high seller of the 2011 sale scene that was also a multiple winner for the Hett family, CO.

Remember Frozen Gold favorites like Destiny 110W, Miley 80T, Mercedes 128U, Winnie 4W and other GSC leaders like GOET Hottie and GOET Dottie? They all started like this one. Need we say more?

LOT 26B – THREE EMBRYOS BY MONOPOLY

Available for pickup or shipping sale night

The first embryo offering from the 2012 Ohio State Fair Supreme Champion Female, here is another exciting chance to access the genetics that have everyone buzzing. This young cow was a dominant winner and a fancy high seller from the Goettemoeller Show Cattle's great full sister to Mercedes Benz, Mercedes 128U.

This is the same blood that has produced so many influential cattle. Note the stout presence of Mercedes 701P; you will find her several places in this catalog. This is the same family that produced I-80, I Believe, Maine Man, and many more like Caleb Streitmatter's steer that has been tearing it up this season in Indiana and the Witt family's steer that has been doing the same trick in Ohio.

Siblings to Mercy Me 15Y include Miss Cedes 128X, herself a Frozen Gold donor and a Louisville Champion; and the \$55,000 top steer of the last GSC crop that won Ring B at the 2013 Heart of It All; another \$15,000 steer that won often for the House family a year ago; and several exciting prospects on the ground now at Goettemoeller's.

These first embryos by Believe In Me and Monopoly follow the recipe of success for this family of cattle. Remember the 2013 Ohio Grand Champion Steer? He was a Believe In Me out of the winning daughter of Hard Drive that is featured here as Lot 5. Get the picture?

When it comes to more power, we've surely got the ticket for you right here! Donor 580 is one crazy-powerful beef machine and she fulfilled her destiny when her son was selected as the Grand Champion Steer of the 2012 North American International for the Kroupa family, SD.

That big winner was by Walks Alone and he was one to remember, but there have been more strong hits from this donor that is just hitting her productive stride. Full siblings to the NAILE Champion have been strong sellers across the board ranging from \$6,000 on up.

This is her initial public offering of embryos and these are her first combinations with Believe In Me and I Believe. It's hard to know which mating will work better here because all have home run potential. Swing hard and take them all. If you need more power and more crowded pastures, Donor 580 is your girl!

Tested and winning blood from the great 210M line that has worked so well for Reimann Ranches, SD, and Jensen Cattle, SD, here is a pair of powerful pregnancy options from a \$41,000 gem that has no choice but to work!

The donor here is one marvelous piece of bovine equipment and one of a precious few Friction daughters of the 210M cow you will find on the loose today. She is built incredibly well and bred to be this way with full sisters the \$74,000 and now-deceased top seller of the 2013 Priority One Genetics Sale, the 2008 Indiana State Fair 3rd Overall Steer, a \$20,000 bull in the 2012 Denver Bound Daddies Sale, and another that topped the 2009 Right Direction Sale at \$18,000.

Heat Wave combined with this family to produce the \$49,500 top seller of the 2011 Reimann Calf Sale and was a multiple winner for the Vickland family, CO, and more steers at \$30,000, \$13,000 this past fall and a slew of other jackpot wins.

This pedigree has worked so well for so many and these heavy-bred pregnancies should be just the ticket for rapid rewards. When it comes to bankable cow families in the pleasure-stock game, you'll have a hard time topping this rare beauty and the 210 line!

- The big Frozen Gold debut of another of the wildly powerful donors in the Reimann Ranches battery, here is a great chance to load up with some proven power! Check the old-school lineage of this productive female; it's no wonder she is a cinch with Monopoly.
- These embryos will produce full siblings to Austin Irvin's winning steer from 2013 that was selected as the Reserve Grand Champion of the 2012 Hoosier Beef Congress and the Reserve Grand Champion of the 2013 Indiana State Fair, among other titles.
- Another stout son – her second outstanding natural calf in a row – by Monopoly sold for \$10,000 in the pasture this fall; so Cow 635 quickly became Donor 635. There will be much more.
- The last Reimann donor that made her Frozen Gold debut after raising her first great steer was Donor 210, the dam of Lot 28. Don't think. Bid now!

- The much-awaited embryo sales debut from Miss Whiskey 5440, the \$82,500 top seller of the 2012 Griswold Classic Sale and one of the very best Irish Whiskey daughters walking the earth today.
- Built for premium production, Donor 5440 is the dam of two exceptional cattle that work at Reimann Ranch. One of them, a son by Chopper, is one of the best maternal sires they've ever turned loose. Another, a daughter by OCC Machinist, is producing with the top of the herd and entering transplant soon.
- When you find them this stout, attractive, mobile, and right for the times you just need to shut your eyes and load them. That's what happened when this one came up for auction. Other breeders knew it and the resulting bid-off produced one of the highest selling MaineTainer females in history. She's worth it, and it will only be a matter of time before you are a believer as well.
- Reimann and Martin know a thing or two about blending the right Whiskey daughters with Monopoly. See the 2013 Ft. Worth Grand Champion Steer, his \$100,000 full brother, the 2012 Iowa Grand Champion Steer, and AI sires like Night Trips. Bid with extreme confidence on this Frozen Gold exclusive!

- Beautiful high Maine genetics in a wonderfully predictable package, Miss Green Valley 535R is a rare female and she has proven herself the hard way with great natural calves. This Frozen Gold exclusive offering checks all the boxes for quick and lasting rewards with your choice of new and proven combinations.
- The pregnancy will produce a full brother to GVC Suh, the \$50,000+-valued sire of leaders like the \$22,000 GVC Ditto, his syndicated full brother, GVC Reprint, and the McLaughlin family's \$20,000 Points Champion on the Iowa Circuit in 2012.
- The embryo packages are equally exciting with new combinations on this proven matron whose past credits also include production in excess of \$136,000 and a stellar average of \$15,086 from seven calves. She combined with GVC Maverick to produce Hearts Desire 009X that brought \$20,000 and went on to win 8 times for Kiley Elder, IA, and her full brothers like GVC iBull Y22 that sold for \$9,000 and another at \$7,000.
- Cows like 535R are exceptionally rare. She looks great, works great, and delivers big rewards in multiple combinations. To whom much is given, much is expected; 535R will deliver.

- *The hits never stop coming in this incredible array of Lot 1 features and no Frozen Gold offering would be complete without as much of this pedigree – and this great cow - as possible.*
- *Miss 602 Chill 648N is the former Donors Unlimited feature and the recent Lot 1 highlight of the Martin Dream Girls Sale where she headlined the auction after several years of great production. She is the full sister to the famous and now-deceased Ms Chill 602G at Sullivan Ranch, TX, the dam of Grand Champion Steers in both Ft. Worth and Denver plus numerous other influential sons and daughters.*
- *This beautiful cow is still going strong at 10 years of age with recent hits like a pair of \$20,000 sons in 2012 – both my Monopoly – and such consistent quality over a variety of flushes. A daughter by Irish Whiskey was a \$12,250 favorite of the 2012 Guyer Chosen Few and her full sister produced a \$7,000 daughter that sold in the 2013 Martin Heifer Calf Sale.*
- *Everything has been good from this cow – bulls, steers, heifers, productive daughters – and her full sisters are some of the most valuable tools in leading herds across the country. Several high-selling prospects of the 2013 fall season featured 602 genetics and very few of them came from cows as impressive as 648N. These are her best combinations with Monopoly and Whiskey, and this turn with MAB sure seems like a cinch. Go with a proven leader and one of the most recognizable pedigrees in the game!*

It's time to honor a legend. Jazee 1T was lost this winter and it was way too soon, but then there is never a good time for a bovine this special to leave us. This was one whale of a baldy powerhouse and she was a great performer for MAC Cattle and their customers.

This cow put the "power" in the term "power cow" and her calves were always highlights. She was a steady winner during her show career and she as blended well with a variety of sires. A baldy son by SLC Sooner was the high-selling MaineTainer bull of the 2013 OMAA Sale, a daughter by WAGR Driver was a high-selling heifer calf, and another stout son by Irish Whiskey is a feature of the 2014 OMAA Sale. Look him up in the stalls before this auction and see the power that this cow brings to every combination.

These last embryos will produce full siblings to a super freak on the ground now at MAC. Study her photo and then see her in person. Jazee puts the shape and the power into this combination and Unstoppable brings the mass and the shag. Get ready for some fun here and grab on to the last pieces of a legend!

So long, Jazee. Thanks for the memories!

Her first calf by I-80 arrived small but grew in the Champion Bull of the Indiana State Fair before topping the 2013 OMAA Sale and then going on to win every time he set foot in the ring.

“Daddy’s Money” won the American Royal, the North American International, and the National Western for Jones/Tolle/Woddlawn/Griswold and has become a very popular choice among breeders of all kinds. His first crop is arriving now.

The second natural son from Velvet 112W is Team Blake 2A, a full brother to Daddy’s Money, and he was shown one time and selected as the Reserve Grand Champion of the North American behind his famous brother. He now works for Martin Livestock, IN.

Velvet 112W is double-clean by pedigree and a daughter of the productive Nurse’s Aide 378 at Jones Show Cattle that claims more than one top producing daughter to her credit. I-80 has been dominating shows of all types and kinds lately and Velvet 112W is surely one of his best mates. Build your own Triple Crown Champions here!

Go for the gold here with the best and brightest from the fall 2013 sale season and one of the best on the show trail now! Bellar 14R has been a cornerstone of the success at Bellar Cattle Company over several years and she really showed her skills this year!

Her very first combination with Irish Whiskey was magical and the resulting heifer calf ended up as the \$90,000 top heifer calf of the fall sale season to Goettemoeller, IN, and Rodgers, IA. That heifer went on to win the Calf Divisions of the MaineTainer Shows at both the American Royal and the National Western for Becca Chamerlin, and she is sure to be a prominent donor female for years to come.

14R is a double-clean show calf machine with impressive credits like a strong full sister to her \$90,000 baby plus another daughter at \$19,500 and recent sale features by Bojo. A 14R daughter is a top donor herself; there is power in the blood here and note the extra Chi blood that comes in very handy at times.

- A fresh and winning twist on a very proven theme, here is your first shot at "Lucky" another of the Goettemoeller team's big winners from the 2013 show season and one of the newest donors in their program. This donor may be new but her pedigree is well proven and stacked with success that lasts!
- Lucky is the first calf from Ms Duce Seeker 005X at Wolf Show Cattle, MI, and she was Supreme Champion of the Ohio AGR and Reserve Supreme of the Scarlet & Gray plus Reserve Champion MaineTainer of the National Western Stock Show and 5th Overall of the Hoosier Congress.
- Her second dam was a 2-time ACA National Champion and was a feature of our 12th Frozen Gold because she raises hits with consistency. A maternal sister to the dam of Lucky was the Hayden family's 2013 NJHS Grand Champion Chi Female and Reserve Champion MaineTainer among other wins, and brothers to Lucky's dam include the Grand Champion Overall Market Animal of the 2011 MI Winter Classic and the 4th Overall Steer of the 2012 MI Junior Livestock Expo.
- You decide the direction of the first success of this young donor that calved for the first time this spring; you pick the bull(s) and Lucky will do the rest. A great gift that keeps on giving down through the generations, Miss Rihanna 4Y is a third-generation Frozen Gold donor from a family that won't quit when it comes to winning big. And now, with the recent passing of her Frozen Gold dam, her second dam, and her full sister all in the last year, this Frozen Gold debut gets even more important for those wishing to capitalize on this winning tribe.

Rihanna 4Y won everything in her day. She was the first natural calf from Miss Winnie 4W, a high-selling favorite and a big winner herself for the Streitmatter family, IN, and she dominated for the Chamberlain team. Rihanna 4Y was Supreme Champion at the Heart of it All Preview, won both rings at the Ohio AGR Holiday Classic, both rings at the Scarlet & Gray Midwest Showdown, Calf Champion of the North American International Maine-Anjou Show, and Reserve Supreme at the Missouri AGR Preview plus Reserve Chi Female in her second trip to Louisville. Boom!

She is a full sister to impressive and valuable young sires like "Twerkit" and his full sister – both products of a Frozen Gold embryo purchase – that brought \$32,000 for one-half interest this fall before being lost to injury. There are not many members of this winning family left. Rihanna 4Y is a champion from a champion and this first opportunity to recreate her success is one that I'm sure we will be hearing from soon.

Lot 38 is offered by Goettemoeller Show Cattle, Brian and Dru Goettemoeller – Winchester, Indiana – 937/459-0209 and Becca and Maci Chamberlin – Winchester, Indiana

013 NAILE Supreme Champion Junior Heifer – Sired by X2

NOTE: This is the first offering of sexed semen from X and X2. The entire inventory of sexed semen will be offered with no plans of making more.

We introduced you to X and X2 – the famous full brothers from Boss Beauty 84M – in our 2011 Frozen Gold Sale with the auction of their semen packages, and we are extra excited to welcome them back as the now-proven, breed leaders that everyone expected them to become.

With the arrival of just their first calf crop, these impressive brothers served notice in the Maine-Anjou breed that they were going to be forces to be reckoned with. That first crop included a slew of high sellers and big winners in the bull and female divisions for both Maines and MaineTainers alike. X and X2 progeny won all over last year including a huge win for the Hett family as their X2 daughter was selected as the Supreme Champion Junior Female of the 2013 North American International – full siblings sell here as Lot 6.

Starting this spring, X and X2 unsexed semen will be available every day on the open market for the first time ever. As a special kick-off to this IPO, we're pleased to sell the entire inventory of sexed female semen as a special breeders' highlight of our 13th event.

Lot 300 is offered by Nowatzke Cattle, Barry Nowatzke – Michigan City, Indiana – 773/255-4684
Blind Badger Ranch – Ft. Morgan, Colorado – 970/483-512
