Dual Threat Bulls

Powerful Beef Sires with Impressive Total Quality

MLJM Parlay 772D

50% Simmental Bull 3212857

Calved: 2/15/2016

Sire: **MR HOC BROKER**

Dam: OSU **BLACKBIRD GEM 1127**

(Northern Improvement x Blackbird Gem 535)

Polled | BW: 77 | Weight 01/05/2017: 1090

WDA as of 01/05/2017: 3.11 | SC:

We cut our bull numbers this year to increase our quality and we are pretty certain we accomplished our goal; these seven bulls are really outstanding. This Broker son is a bull anyone would love. He is a performance powerhouse out of a customer-favorite cow and he should make a great all around sire to increase quality and profit. His build and frame are especially heavy duty and his feet and leg placement could not be better. We would love to buy some females back from these bulls, especially this one.

MLJM Slot Machine 29D

50% Simmental Bull 3212854

Calved: 2/20/2016

Sire: **MR HOC BROKER**

Dam: **TRIPLE B LUCKY LADY** (PB Angus)

Polled | BW: 79 | Weight 01/05/2017: 1075

WDA as of 01/05/2017: 3.11 | SC:

Another really impressive SimAngus by Broker, this high-performing bull should make a great female and feeder sire. He is an efficient gainer with maximum belly depth and plenty of width down his back and hip. He is better in his sheath and out of his shoulder than many Broker sons and his sturdy movement is hard to beat. He should record one of the largest scrotal measurements as well.

MLJM Max Bet 12D

75% Simmental Bull 3212855

Calved: 2/20/2016

Sire: **MR HOC BROKER**

Polled | BW: 70 | Weight 01/05/2017: 978

WDA as of 01/05/2017: 2.83 | SC:

These Broker sons are really impressive and this bull is another all-around beef maker with style. He is a deep flanked, wide ribbed, easy mover with maybe the largest legs among these Sim-Solution bulls. He's got the tools to do the work and his dam is a fancy, maternal leader in the herd.

A maternal masterpiece, this is the first Broker son to sell from our great Waverly 996W! We knew this would be a great combination when we made it and it was worth waiting for. This high-performance bull is sure to be a big league female maker. It is a long way down his wide back and his massive feet and legs are built just right. Large scrotal and great WDA plus a hard-to-improve-on pedigree make this bull one to get on your team. His maternal brother, Maternal Gem, was the top seller of our 2015 crop and several sisters highlight this offering!

This guy is a little younger but he might be the best built bull in this lineup. We love the pattern, structure, and clean look that this half-blood delivers. His dam is a beautiful cow for us and this bull is built a lot like her. He is cleaner about his underline than many and he is always striking a pose. His upgrades for body shape, muscle, and stoutness are significant.

Important Sale Information:

Terms: Terms of sale are cash or good check made payable immediately after the sale and before any cattle are loaded. Invoiced (absentee) accounts are payable in full within 10 days of the sale or are subject to a 2% finance charge on the tenth day. A fee of \$50 will be assessed to all returned checks. **Liability:** All animals and merchandise will be at the buyer's risk as soon as bid off but will be cared for by the seller(s) for a reasonable amount of time during and immediately following the sale. Neither the owners, auctioneers, sale manager or other affiliated personnel may be held responsible for any accidents that may occur. PrimeTIME AgriMarketing NETWORK, Inc. acts only as an agent between buyer and seller and may not be held responsible for any livestock or merchandise. It is to be clearly understood that PrimeTIME AgriMarketing NETWORK, Inc. and its representatives act only as a medium between buyer and seller and may not be held liable, financially or otherwise, for any failure on the part of the same to fulfill any obligations set forth in this sale or for the truth of any warranties expressed or implied. Neither does PrimeTIME AgriMarketing NETWORK, Inc. assume any financial obligations to collect or enforce the collection of monies between buyer and seller. This catalog has been prepared by the sale manager from information provided by the seller(s) and is assumed accurate as presented to us. However, PrimeTIME AgriMarketing NETWORK, Inc. will in no way guarantee age, pedigree, or reproductive status of the animals selling. All exceptions taken and adjustments made are between buyer and seller. **Breeding Information:** Please see the footnotes regarding breeding information for each lot. All bred females will be examined for pregnancy by a qualified DVM prior to the sale and any changes to their breeding status will be made available sale day. Conception dates listed in this booklet are based on the results of said pregnancy examination and/or known breeding dates, and are intended as estimates of calving date only. **Health:** All animals will be accompanied by a health paper valid for interstate shipment. Buyers should make themselves aware of their respective state's health requirements prior to the sale. **Guarantee:** Those cattle described herein as "checked safe" or "safe" are guaranteed bred and do not carry further guarantee. No guarantee, expressed or implied, is made as to an animal's ability to produce transferable embryos or frozen semen. All registered cattle sell with the standard guarantee endorsed by their respective breed association. All claims on bred females must be made in writing within 60 days of the sale date, and any adjustments made will be in the form of sale credit on future purchases. **Insurance:** Livestock insurance will be available at the clerk's desk through Great American. **Trucking:** If you require assistance in transporting your purchases, please contact the sale manager. Every effort will be made to minimize costs to the buyer. **Announcements:** Any announcements made from the sale block by the owners, auctioneer, or sale manager take precedence over any printed materials. **Sale Booklet Prepared by:** Craig M. Reiter, Sale Manager.

Sire: **JPF TEAM BLAKE**

Dam: **ML 558** (Predator x Ali)

Scurred | BW: 75 | Weight 01/05/2017: 1095

WDA as of 01/05/2017: 3.09 | SC:

A real powerhouse Maine sire sells here! Team Blake is delivering the goods for us and our customers and this son might be the best one available today. This bull is really heavy duty and muscular and really pleasing to look at. He is huge down his top and through his britches and he is even bigger at the ground. His shoulder and neck design cannot be improved upon and he is a long bodied, fast gainer whose dam is a former Dream Girl. This bull will work for steers if you like and he will change a set of cows for the better!

Another big-time MaineTainer bull, this one has great pieces that can really make some good changes to a cow herd. His head, neck, and shoulder are ideal and his soft, wide hip should really yield a set of impressive daughters. He might be the best-haired bull in the lot and he arrived with just 69 pounds of birth weight.

Dear Friends and fellow cattle producers,

First and foremost I would like to say "Thank You" for the continued support. We, like all in the industry, work unlimited hours to host these events. With that being said, my family could not do this without great help that we have and I cannot thank them enough.

Jeff "CB" Boland is our herdsman and believe me when I say...this guy is as much family to us as anybody with my last name. Not only is he a tremendous part of this business he is truly a great friend. Thank you CB for all you do!! Robbie "Blueberry" Kelly, AJ Hornback, Travis Wallen, and Alec Chavez, thank you for your endless hours in the show barn and for this operation. Gerrit Chupp and Grant Giesecking, thank you for taking care of things on the farming side and helping with cows when we need it. It takes all of you to make this work.

A special thank you to Brad Sinclair for taking time from his busy schedule to help us out whenever we need it. A huge thank you to Brian Staley. He takes care of our cows in Tennessee and treats them like they are his own.

I am blessed with a great family, Mandy, DJ, Hanna, and my parents, Danny and Nancy, you are the best for sure. I love each of you more than words could ever say.

With the agriculture business being in the shape it is in and the cost to do this, our opinion right now more than ever is Quality is valuable. If you have been watching the online sales recently, you will have noticed that quality cattle always sell the best. Believe me when I say, good quality cattle start with Great Cow Families. If you do not have the factory you do not have anything.

I am very impressed with this set of breds and bulls. There is a lot of earning potential right here. I hope to see you Saturday, February 18, 2017. Please feel free to call anytime.

Thanks Again,
Jim Martin

The 2017 Dual Threat Females

The Very-Best from Our Large Inventory of Quality – None Retained!

MLJM Cinderella 50C

Reg. PB Simmental Female 3155556
Calved: 3/01/2015

Sire: **WS A STEP UP X27**

(SS Ebonys Grandmaster x WS Ms Macho U38)

Dam: **MATLOCK MISS S031**

(CNS Dream On L186 x Leighbert Miss M031)

PE 6/10-8/20 to Fargo – Due approx. 4/25

Selling one-half interest with the option to double hammer price to acquire full interest – Possession negotiable

- This is without a doubt the deepest set of females we have sold in this event and this special heifer is proof that we are holding nothing back this year
- This beautiful beast is one of the last daughters we will get from our great Cinderella S031 donor that produced so much success for us and others
- Everyone that sees this heifer is blown away by how much she resembles her mother that produced over \$550,000 during her lifetime including the 2016 Simmental Breeders Sweepstakes Grand Champion Female for Emma Woodard, OH, and Campbell Show Cattle, PA
- This massive tank is a full sister to Megan Reed's \$90,000 sale topper that won the Ohio State Fair and the NAILE Junior Show, and another full sister was the \$68,000-valued sale topper of our 2015 Dream Girls Sale that we now own with Kritzman Show Cattle, IN
- When you find a purebred like this one you just need to own her. They never cost anything in the end.

Dam: **MATLOCK MISS S031** (CNS Dream On L186 x Leighbert Miss M031)

Due 4/25 to Uno Mas (sexed female) – No exposure

- This is a "Bred Heifer Dispersal" but we'd love to keep a few, like this Make It Rain daughter from Cinderella S031 – she is the only one we have and she is a stone cold purebred beauty
- We bought these embryos before we bought Cinderella and this heifer was never intended to sell but we've got bills to pay so she and her sister need to go
- This heifer is so rare for a purebred Simmental. She is striking from the side and great haired with some serious tree trunks for legs and the sweetest disposition in the field
- All we've got from Cinderella – we've emptied the cupboards from the 2015 crop and we may never get anymore

PE 6/10-8/20 to Daddy's Money 560 – Due approx. 5/09

Selling one-half interest with the options to double hammer price to acquire full interest – Possession negotiable

- If our corn was worth a little more we would never sell these Cinderella daughters, especially this one.
- One of the first things we did after buying First Class Act, the best full brother to Dameron First Class, was to flush Cinderella to him to create a female just like this one
- This heifer is all we ever hoped for and she could have stood plenty of heat in the show ring – just like her full sister that has been a steady winner in the fall division of recent majors for Allie Van Zant, OH
- Take advantage of this “Cinderella Dispersal” because these daughters are just flat good stock – whatever kind you like.
- We will miss these girls and we may not get any more since Cinderella is gone and we have no more embryos in our tanks

First Class Act

Welcome to The Dual Threat!

I hope this note finds you well and excited for the calving season that is rapidly upon us. If you're in the cattle business then nothing beats a new crop of calves, whenever they arrive. Each crop – and each calf – brings new opportunities for advancement and profit. Our 2017 Dual Threat offering is stacked with opportunities just like those in both the bull and female divisions.

No one digs deeper into their cow herd to offer the best young females available than Jimmy Martin. His annual “Bred Heifer Dispersal” is exactly that again this year and all you need to do is take a quick look at many of these to know that literally nothing has been held back; all of the best ML-brand bred heifers sell here. Several will calve before sale time and many are due with sexed female semen and likely first heifer calves. Each breed division runs deep with quality on the female side and our bull offering is small but mighty – there are some real studs in the group that will sell.

The short history of this event has already established it as a late season hot spot for great deals and great stock. Our previous offerings have already produced a number of high selling calves and a pretty substantial list of winners, a testament to the quality in these Dual Threat offerings.

Have you been watching the markets lately? Rising prices and profit margins are creating greater demand for quality bred females for the big profits that lie ahead. It's time to load up on the best quality you can while the prices are still agreeable. The quality you need is here.

Thank you to our great customers for their continued support and thank you to the ML crew for all of their hard work. I hope to see each of you at the auction!

NOTE ON SEXED SEMEN USAGE:

You will notice that we used a large amount of sexed female semen with the bred heifers this year. This was in an effort to build our herd through yours with more and higher quality heifer calves. While we expect a very high percentage of heifer calves from the females that settled to the sexed semen, eventual calf sex cannot guarantee. Females are listed in this catalog according to the result of their pregnancy examination and will be guaranteed bred for 21 days following the auction. No further guarantees can be made and any claims as to pregnancy status should be submitted within that time frame.
