# Welcome to The Beast In The East!

## Dear Maine Breeders and Value-Added Cattlemen:

Welcome to The Buckeye State and this best-ever edition of The OMAA Sale, the largest Maine-Anjou/MaineTainer sale in the USA! Our breeders have combined to present a very special offering to you on the 25th Anniversary of The Ohio Beef Expo and the return of the National Junior Show to our great state. Take the time to review the offering within and you'll see what separates this multi-breeder event from all the rest; the best breeders bring out their best for this special event!

This offering is stout and you'll find much to like this year, but we still need more breeders to fill the demand these cattle create. The opportunities to enhance the profit and enjoyment you're getting from your cattle enterprise exist within this booklet and they're easy to apply in many outfits. The list of great cattle that have gotten their start in this event grows each year – one of them sired an \$80,500 son last spring – and you'll find many cattle in our 2012 offering that have been produced from past OMAA consignments. Select your favorites and put them to work for you. Take good care of them and bring them back next year. The market has been established and the demand is strong. The OMAA Sale creates more job opportunities than any government stimulus package. Take advantage!

I am always excited when it is time for The Expo and The OMAA Sale, but this year is special. Beef producers have never been in greater demand and never before have you been so well rewarded for your efforts. Recent events are just a glimpse of rewards to come, so it's time to stock up and get ready for some real enjoyment. Treat yourself to a herd builder or a show winner from our anniversary offering; you've earned it.

Thank you to everyone who works hard to make The Expo and this event possible – you did a great job again this year. Trust me, this is an event you do not want to miss!

Enjoy the Expo and love the business...Spring is Here,
